JAMBOX™ ANATOMY

BUTTONS

TALK VOLUME CONTROLS

IF THE LED RING IS...

FLASHING WHITE
JAMBOX is trying to connect to your phone or Bluetooth® device.

FLASHING RED
Battery is low. Power up!

FLASHING RED + WHITE
JAMBOX is in pairing mode and ready to connect to your phone or Bluetooth® device. Go to your phone’s Bluetooth® settings to connect.

TALK BUTTON
Use this button to answer or end a call, access DialApps like Voice Dial (press and hold for 2 seconds) or hear battery status updates (single press).

VOLUME CONTROLS
Increase and decrease volume using the PLUS and MINUS BUTTONS on JAMBOX.

BUILT-IN MICROPHONE
FRONT GRILL
3.5mm AUDIO INPUT
MICRO USB (charge & update via MY TALK)
LED RING (on tip of switch)
ON/OFF & PAIRING SWITCH
CONNECTION OPTIONS

Connect to JAMBOX™ wirelessly via Bluetooth® or via 3.5mm stereo input.

1.1 CONNECT WIRELESSLY

When using JAMBOX as a speakerphone, please note that JAMBOX’s built-in microphone only works while connected via Bluetooth.

FOR A FULL CHARGE
Plug JAMBOX into your wall charger or computer via micro USB cable.

TO HEAR REMAINING BATTERY LIFE
Press the TALK BUTTON when not on a call.

WHEN BATTERY IS LOW
The LED RING flashes RED.

WHEN FULLY CHARGED
The LED RING turns WHITE.

NOTE: It takes 1.5 hours to give your JAMBOX an 80% charge. A full charge takes 2.5 hours.

POWER UP

Your Jawbone® JAMBOX™ is partially charged and ready to use right out of the box.

FOR A FULL CHARGE
Plug JAMBOX into your wall charger or computer via micro USB cable.

TO HEAR REMAINING BATTERY LIFE
Press the TALK BUTTON when not on a call.

WHEN BATTERY IS LOW
The LED RING flashes RED.

WHEN FULLY CHARGED
The LED RING turns WHITE.

NOTE: It takes 1.5 hours to give your JAMBOX an 80% charge. A full charge takes 2.5 hours.

Your Jawbone® JAMBOX™ is partially charged and ready to use right out of the box.

FOR A FULL CHARGE
Plug JAMBOX into your wall charger or computer via micro USB cable.

TO HEAR REMAINING BATTERY LIFE
Press the TALK BUTTON when not on a call.

WHEN BATTERY IS LOW
The LED RING flashes RED.

WHEN FULLY CHARGED
The LED RING turns WHITE.

NOTE: It takes 1.5 hours to give your JAMBOX an 80% charge. A full charge takes 2.5 hours.
1.2 PREPARE YOUR JAMBOX FOR PAIRING
1 Hold the ON/OFF SWITCH in the upmost position for about 3 seconds.
2 Wait for the LED RING to flash red & white.
3 You will hear JAMBOX say that it is ready to pair.
4 Release the ON/OFF SWITCH to the middle/on position.

1.3 PREPARE YOUR PHONE OR DEVICE
Turn on Bluetooth®.

ON AN IPHONE®, IPOD®, OR IPAD®
Go to SETTINGS > GENERAL > and enable BLUETOOTH

ON A BLACKBERRY®
Go to SETTINGS/OPTIONS > BLUETOOTH and enable BLUETOOTH

OTHER CELL PHONES
Go to JAWBONE.COM/PAIRING or review the instruction manual that came with your phone.

1.4 MAKE THE CONNECTION
Go to your device’s Bluetooth® settings.

ADD OR SEARCH FOR DEVICES
When "JAMBOX by Jawbone" appears, select it.

IF ASKED FOR A PASSCODE
Enter "0000"
This is a one-time event per device. To pair your Jawbone JAMBOX to another device, repeat steps 1.2 to 1.4.

1.5 OR PLUG & PLAY
No Bluetooth? JAMBOX also connects via 3.5mm stereo input.

Play audio from any device with a headphone jack or audio output.
Your JAMBOX™ can be used as a wireless speakerphone. Just speak in the direction of the front grill. The built-in microphone only works when connected via Bluetooth®.

2.3 CONNECTION PRIORITY
Incoming and outgoing calls will always take precedence over audio playback. Audio content via 3.5mm stereo input will override wireless audio via Bluetooth.

3.2 MAKE A CALL
Use your phone to dial as usual. Listen and talk through your Jawbone JAMBOX.

3.3 MULTIPLE CALLS
To answer another call, just press the TALK BUTTON.

3.4 SIMULTANEOUS CALLS
To answer another call, just press the TALK BUTTON.

Battery/Charger Hazard
• Do not dispose of your Jawbone® Speaker in a fire. The battery could explode causing injury or death.
• Only charge the battery in accordance with the user instructions supplied with the Jawbone® Speaker.
• Do not attempt to disassemble the Jawbone® Speaker charger or force open the built-in battery because this may result in electric shock.
• Do not charge the Jawbone® Speaker in damp areas or in extremely high or low temperatures because this could result in electric shock.
• Do not clean the Jawbone® Speaker when it is being charged. Always unplug the charger first before cleaning the Jawbone® Speaker.

Automobile Accident Hazard
• Do not leave or store the Jawbone® Speaker or any of its accessories near or on top of a hot vehicle's dashboard because serious injury may result when an air bag deploys.

Fire and Electric Shock Hazard
• Do not expose your Jawbone® Speaker to liquid, moisture, humidity, or rain. Do not use the Jawbone® Speaker near a bathtub, sink, source of water, or damp room. Exposure of the Jawbone® Speaker to moisture could result in electric shock.
• Do not drop, disassemble, open, crush, bend, pull, puncture, shred, incinerate, immerse, or expose foreign objects in to the Jawbone® Speaker. Such actions could result in electric shock.
• Clean the Jawbone® Speaker only with a dry cloth.
• Do not expose your Jawbone® Speaker to extremely high or low temperatures.
• Do not leave your Jawbone® Speaker in direct sunlight for extended periods of time.
• Do not leave your Jawbone® Speaker near open flames such as cooking burners, candles, or fireplaces.
• Do not block any ventilation openings.

SPECIFICATIONS

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate this equipment. This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

To locate the FCC and IC identification numbers, please look on the underside of the Jawbone® Speaker.

Please only use with the power supply adapter provided, Jawbone model number SPA-K901.

Fall Hazard

• Do not place the Jawbone® Speaker on high surfaces such as shelves. During music playback the Jawbone® Speaker may move which could cause the Jawbone® Speaker to shift and fall off the edge.

CAUTION

• Do not use abrasive cleaners to clean your Jawbone® Speaker because this could cause scratches and damage.
• Do not bring your Jawbone® Speaker in to contact with any sharp objects because this could cause scratches and damage.
• Do not insert anything into your Jawbone® Speaker unless otherwise specified in the user instructions. This may damage the internal components.
• Do not attempt to repair, modify, or disassemble your Jawbone® Speaker yourself. It does not contain any user-serviceable components.
• Do not attempt to replace your Jawbone® Speaker battery as it is built-in and is not changeable.
• Use only the manufacturer supplied charger to charge your Jawbone® Speaker. Other chargers may look similar, but using a charger that could result in electric shock and could damage the Jawbone® Speaker.
• Observe all signs and displays that require an electrical device or RF radio product to be switched off in designated areas.
• Turn off your Jawbone® Speaker prior to boarding an aircraft. Do not use the Jawbone® Speaker while an aircraft is taking off or landing.
• Dispose of the Jawbone® Speaker and the Jawbone® Speaker battery in accordance with local regulations. Do not dispose of the battery with regular household waste.
