On Ear Controls

Bluetooth™

- LED
- Power On / Off / Pair
- Play / Stop / Answer Call / End Call
- Previous / Next Track
- Volume Control
- Headphone jack for wired connection / charging jack
- Microphone

Operation

Charging the battery
The battery is not fully charged and it is highly recommended that you charge ABH01F before you begin using it.

Note: Using ABH01F "out of the box" will not harm the device. You will experience reduced battery life as the unit will not be fully charged.

Connect the USB end of the cable provided to your PC / power adapter. Connect the other end to the charging port of ABH01F. Please charge the battery for a minimum of (4) hours. The Red LED will be on while charging. When charging is complete, the red LED will turn off.

Function	Operation	LED Indicator
Power On	Press and hold the ⏻ button for 3 seconds	Blue LED ON
Enter Pairing Mode	Ensure ABH01F is turned OFF. Press and hold ⏻ button for 8 seconds.	Red and blue LED flashes rapidly
Power Off	Press and hold the ⏻ button until the red LED is on.	LED OFF

Operation

Note: The pairing mode will last 2 minutes. ABH01F will switch to the standby mode automatically if no devices can be connected within 2 minutes.

Pairing with the transmitter such as iPhone, smart phone, and tablet:
Please make sure the device supports A2DP profile. The pairing procedure will vary depending on the actual device. Please refer to the user guide of your device for detail instruction. The general pairing procedures are as follows:

1. Make sure ABH01F is turned ON.
2. Activate ABH01F pairing mode by press and hold the ⏻ button for 8 seconds. (Red and blue LED will flash rapidly)
3. Activate your device's Bluetooth function and set your device to search for Bluetooth devices. Select ABH01F when it is found.
4. For transmitter with Bluetooth version 2.1, you will not need to input a code. If you are prompted for PIN, please enter "0000".
5. If prompted by your device to connect, please select "Yes".
6. After connecting successfully, the blue LED will flash every 3 seconds.

Note: Please make sure the audio output is set to Bluetooth / ABH01F for audio streaming from the device.

Radio and TV Interference Statement

WARNING!!! This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by whatever measures may be required to correct the interference.
