Flat Panel Ceiling Mount | 1 Metre Extension

## Component Checklist

Collar Joiner   1Metre Extension hanger   M8 x 10mm Screw x12
Tools Required:
5mm allen key

IMPORTANT INFORMATION

!   IMPORTANT - Install Telehook Flatpanel ceiling mount 1m extension as per Installation Instructions
!   The Telehook Flat panel ceiling mount plus the 1metre extension supports a maximum of 91kg (200lbs).

!   The installers should satisfy themselves that the ceiling is strong enough to support the Telehook Flat panel ceiling mount unit of 14kgs (31lbs) and the 1m extension unit of 3kgs (6.6lbs) plus the maximum allowable monitor weight of 91kgs (200lbs). Total of 108kgs (238lbs).

!   The Manufacturer recommends the use of guy wires when adding the 1metre extension to an existing set-up

!   The Manufacturer accepts no responsibility for incorrect installation.
Step 1. Check Components

Check you have received all parts against the Component Checklist and Hardware.

Step 2. Remove display mount

OR

Extension hanger

Inner hanger

Collar Joiner

Display mount

Remove Display mount from existing set-up by undoing the screws with a 5mm allen key.
Note: retain screws for further use with extension

Step 3. Add extension to set-up
