Overview

The Wallmount Patch Panel Bracket-4 (JPM080-R4) and the Wallmount Patch Panel Bracket-2 (JPM082-R4) can be mounted directly to the wall. JPM080-R4 holds equipment occupying up to 4 rack units (4U) of vertical space, and JPM082-R4 holds equipment up to 2U high.

What's Included

Your package should contain the following items. If anything is missing or damaged, contact Black Box Technical Support at 724-746-5500.

- (1) Wallmount Patch Panel Bracket with hinged lip
- (8) M5 cage nuts
- (8) M5 screws with clear plastic washers
- (4) 2" hex head bolts for mounting to wooden studs
- This user's manual

Installation

To mount the bracket on the wall:

Determine the appropriate mounting location for the bracket.

Insert the included 2" hex head bolts through the keyholes in the rear panel of the bracket and fasten the bolts securely.

NOTE: Use the included M5 cage nuts and screws to mount equipment.
