LABELS

Forest Stewardship Council®

DYMO® paper products are FSC® Mix meaning that these products are made of material from well-managed, FSC®-certified forests and other controlled sources.

The Forest Stewardship Council® (FSC®) is a global, non-profit organization dedicated to the promotion of responsible forest management worldwide.

At Least 80% Post-Industrial Waste

DYMO® plastic external cassettes are made from **at least 80% recycled material** for LabelManager® D1 and LetraTag® tapes.

Our materials come from scrap materials created by manufacturers that were destined for disposal. These scraps are then processed and reused to create our label cassettes.

Up to 80% Recycled Packaging

DYMO® cardboard sleeve and box label packaging is made from **80% recycled material**, while DYMO® plastic blister label packaging is made from **60% recycled material**.

Our materials have been diverted and recovered from consumer waste materials that were destined for disposal and are now reused to create our packaging.
