A better clean, together.

We're more than a supplier. We're a true partner in clean.

We understand clean can have different meanings to different people. But however you define clean, it's essential for all. That's why we offer solutions to help meet the highest standards of cleanliness in any space.

We believe in building partnerships that are rooted in care.

Whether you're focused on personal hygiene, surface cleanliness or sustainability goals, we're here as a dedicated partner to help you achieve your definition of clean. Together, we can meet your unique needs through a combination of high-quality products and industry-leading expertise.

At Kimberly-Clark Professional, every interaction, every product and every solution is designed with one goal in mind: a better clean, together.

A BETTER CLEAN, TOGETHER.

Setting a new standard for **clean**

Clean is more than what you see — it's the confidence of having the right solutions and support. With deep expertise, tailored guidance and continuous innovation, we help you create healthier, more hygienic spaces with less complexity. Partnering with us means gaining more than products, you gain a team dedicated to making clean work better for you.

Over 150 years of trusted brands

As inventors of five of the eight categories we compete in, we've shaped the hygiene industry with products people know and trust.

Partners

Better happens together. We don't just supply products — we work alongside you to understand your needs, solve challenges and make clean easier to manage.

Clean

Clean is the standard you rely on every day. With the right solutions and expertise, we make managing hygiene easier, keeping your space ready for what's next.

Innovation

We never settle. By listening to our partners and tackling real-world challenges, we develop smarter hygiene solutions that improve efficiency and help you stay ahead.

Sustainability is a shared commitment

Sustainability is embedded in everything we do — from reducing landfill waste and supporting circular solutions to helping you achieve your facility's sustainability goals with ease. Through responsible product design, third-party certifications and a commitment to reducing our environmental impact, we create solutions that make responsible choices more accessible.

Our efforts don't stop at products — we align our corporate sustainability goals with the UN Sustainable Development Goals and work alongside our partners to drive meaningful progress. By combining our expertise with practical solutions, we help you integrate sustainability into everyday operations.

STANDARD, PLUS AND PREMIUM OPTIONS

Restroom solutions

It's all about choice.

Choose from our wide array of products and dispensers using our easy, logical system that enables you to select restroom solutions based on your facility's needs.

Looking for dispensing systems with different product quality options? Or a simple selection process you can repeat across product categories?

When it comes to quality restroom solutions, the choice really is yours.

Now you can choose exactly what fits your needs and your budget from three distinct tiers — Standard, Plus and Premium.

✓ Standard

Scott® Essential dispensers and Standard products are a perfect choice for locations that demand consistent performance and cost-effective solutions.

- ✓ Mild absorbency
- ✓ Soft
- ✓ Fragrance- and dye-free

✓✓ Plus

Scott® Pro dispensers and quality Plus product solutions provide a positive restroom experience that also enhances cleaning staff productivity and helps you manage your bottom line.

- ✓ Medium absorbency
- ✓ Softer
- ✓ Skin benefits and fragrance

✓✓✓ Premium

ICON™ dispensers and Kleenex® and Cottonelle® Premium product solutions are designed to elevate your space and add reliability to your restroom.

- ✓ Maximum absorbency
- ✓ Softest
- ✓ Premium skin benefits and fragrance

SYMBOLS KEY

- Meets EPA guidelines for minimum post-consumer waste content: towels 40%, toilet paper 20%, facial tissue 10%
- ECOLOGO Certified for reduced environmental impact
- FSC® Certified; FSC Mix paper supporting responsible forestry
- NSF® Certified
- Can be aerobically composted in municipal or industrial facilities in the United States and Canada by ASTM D6868-11. Check with your waste hauler to ensure your application and their composting process are compatible.
- Product has earned the Responsible Partners designation

🕒🕒🕒 Premium

Kimberly-Clark Professional™ ICON™ Dispenser Collection

For locations that demand intuitive design and clever engineering.

ICON™ Dispensers

Reimagine the look and feel of your restroom.

Elevate your space with reliable performance and a customizable faceplate option, delivering both sophistication and a hygienic experience.

Automatic Roll Towel Dispenser
Iconic style meets hygiene

- 85% quieter than leading competitor¹
- Practically stops jams before they happen with dual sensor technology
- Designer & high resolution custom faceplates available

High Capacity Bathroom Tissue Dispenser
Approach efficiency with aesthetics

- Designed to minimize waste with fewer changeouts
- Available in twin horizontal or vertical dispenser format, or in four roll high-capacity dispenser format
- Designer faceplates available

Automatic Skin Care Dispenser
Customize your clean hands

- Up to 60,000 dispenses on a set of batteries
- Intuitive indicator lights for product level and battery life
- Touchless operation helps reduce the risk of cross-contamination
- Designer & high resolution custom faceplates available

Visit the **ICON™ Marketplace** to upload your custom faceplate design or place an order.

Clean hands start here

- Battery-free dispensing
- Cassette is easy to load and helps reduce service time*
- 1.0L product refill has up to 2,778 hand washes

Coreless Standard Roll
ToiletPaper System

Say goodbye to waste

- A system that's easy to load and maintain to optimize labor time and unwanted waste

— Kimberly-Clark Professional™ —

A connected software solution for smart restroom servicing.

Onvation® is a smarter approach to restroom management. It enables efficiency, prevents complaints, reduces waste and more. Using a connected network of smart restroom devices, Onvation empowers team leaders and cleaning staff with valuable data that they ordinarily have no way of accessing.

Numerous facilities use Onvation to operate at maximum efficiency and prevent excess waste through convenient cleaning notifications and advanced machine learning algorithms.

Now with SmartFit™ technology

Onvation SmartFit™ technology gives users the ability to transform a wider selection of Kimberly-Clark Professional paper towel and tissue dispensers into smart restroom ecosystems. The compact sensors install quickly inside existing dispenser units to track product and traffic levels securely and accurately.

50+
compatible
dispensers

80%
reduction in
consumable waste⁵

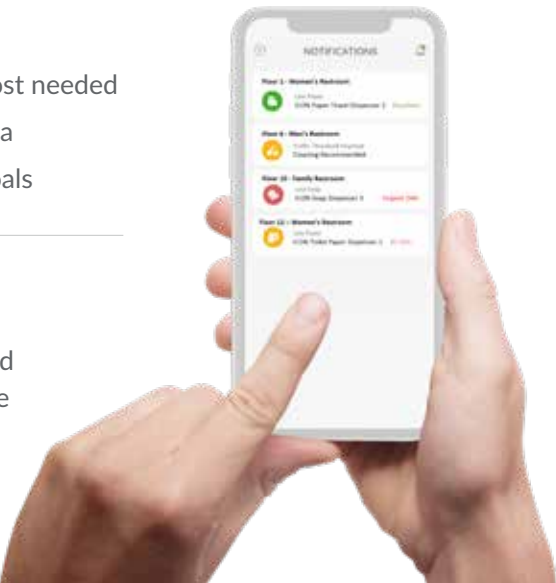

105%
increase in visitor
satisfaction⁶

Four key components of Onvation

- 1. Dispenser sensors monitor product levels and visitor behavior
- 2. An easy-to-use mobile app guides cleaners where they are most needed
- 3. A central dashboard gives managers full visibility into their data
- 4. Ongoing support helps facilities reach their smart restroom goals

Excellence, out of sight.

Onvation with SmartFit™ technology helps you create an enhanced restroom experience where visitors notice the efficiency – not the technology behind it. By adding real-time traffic and usage insights to your workflow, Onvation lets cleaners map out their tasks to ensure restrooms are always at their best.

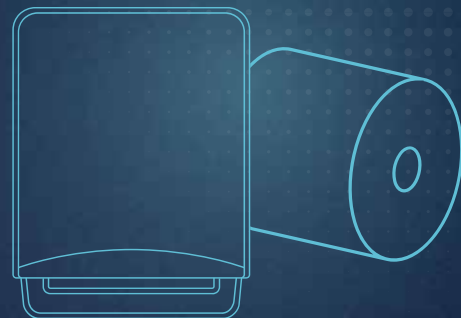

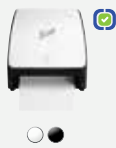

Roll Towel Systems

Reliable dispensers.
Trusted brands.

Our manual and automatic roll towel dispensers help deliver efficiency, reliability and value.

Low Wet Strength Folded Towels

If plumbing issues are a concern, choose these low wet strength towels for your restroom. The transportation industry (airlines, railcar and cruise lines) trusts these towel options when flush risk is a top concern.

Wiping solutions

It's all about the task.

WypAll® wipes are engineered to work better than an all-purpose solution.

Each product is designed to tackle specific cleaning and maintenance tasks with exceptional performance. Whether you need to absorb liquid, remove grease, apply chemical solvents or clean challenging surfaces, there's a WypAll® wipe for your application. In fact, the entire WypAll® portfolio is structured to help you select the right solution for the substance or surface at hand.

With our focus on sustainability, select wipes are eligible for the Thrive™ for wipes landfill diversion program, enabling qualified Kimberly-Clark Professional wipes® to be converted into alternative fuel, helping offset the use of natural resources, such as coal and natural gas.

Choose WypAll® for a cleaner, more efficient workplace and experience the difference that purpose-driven innovation makes.

Our wiping portfolio is organized into three distinct cleaning categories to make it easy to find what you need: GeneralClean™, PowerClean™ and CriticalClean™.

GENERALCLEAN™

Create a clean environment with effective light-to medium-duty, multi-purpose cleaning solutions.

Quick absorbing

Dust & dirt

Removes sticky substances

POWERCLEAN™

Maximize performance against your toughest tasks while minimizing time, effort and product waste.

Low lint

Durable

Water, oil & grease absorbing

CRITICALCLEAN™

Help reduce contamination risk with cleaning, disinfecting and sanitizing solutions.

Disinfecting*

Food contact surface cleaning**

*Refer to the disinfectant label for directions for use

**Applicable on all foodservice cloths

SYMBOLS KEY

- Meets EPA guidelines for minimum post-consumer waste content: wipes 40%
- National Sanitation Foundation ensures products are designed and constructed in a way that promotes food safety.
- FSC® Certified; FSC Mix paper supporting responsible forestry
- Product complies with the Trade Agreements Act

- WypAll® L10, L20 and Kimwipes® white wipes can be aerobically composted in municipal or industrial facilities in the United States and Canada by ASTM D6868-11. Check with your waste hauler to ensure your application and their composting process are compatible.
- Thrive™ qualified wipe. Qualifying wipes are eligible for landfill diversion so long as after use they are non-hazardous as classified by federal, state and local regulations.

- Select WypAll® wipes (white variants) are suitable for direct food contact, based on evaluation against FDA requirements under 21 CFR 176.170. These products have been determined to be suitable for use with all food types (excluding alcoholic beverages) at room temperature and below, when used as intended.^{††}
- White foodservice cloths may be used for indirect food contact applications, subject to the limitations and exclusions of the applicable regulations set forth in Title 21 of the Code of Federal Regulations (CFR) and administered by the Food and Drug Administration (FDA): FDA 21 CFR 186.1673, FDA 21 CFR 177.1520. Applies to applicable white wipes.

Go beyond all-purpose. Select the right wipe for the task.

WypAll®
GENERALCLEAN™

Efficiency you can count on.

Everyday cleaning deserves more than a wipe that’s just “good enough.” **GENERALCLEAN™** wipes are designed for spray-and-wipe tasks, offering fast absorption and low-lint performance for a clean finish. Durable in both wet and dry conditions, they’re a reliable, cost-effective alternative to rags and textiles.

You'll find these disposable towels in:

- Hospitality/housekeeping
 - Retail/grocery
 - Restaurants/cafés
 - Healthcare
- Lobbies/breakrooms
 - Facility maintenance
 - Classrooms

TECHNOLOGY DESCRIPTIONS

Hydroknit® Absorbent, tough, reusable material A process known as hydroentangling that bonds cellulose fibers into polypropylene nonwoven webs through the use of high-pressure water jets that strike the webs in an agitating motion, causing the fibers to become entangled. The cellulose provides absorbency. The nonwoven provides strength. WypAll® X-Series wipes (X50, X60, X70, X80, X90) WypAll® WetTask® Wipes (06001, 06006) Scott® Shop Towels Heavy Duty™	Spunlace Soft, clothlike material for critical cleaning Spunlace (also called Hydroentanglement) is a web bonding technology, which uses fine, high pressure jets of water to cause carded, airlaid and/or wetlaid fibers to interlace into a consolidated material. WypAll® WetTask® Wipes (06211, 53850) Kimtech Prep™ Scottpure™ Wipes Kimbech Pure™ W5 Wipes	Meltblown Fine fiber for high absorbency and efficient cleaning A nonwoven process that extrudes polymer resins to form fine filaments to create texture at surfaces to support efficient and effective cleaning. A meltspinning technology where fibers are extruded and attenuated by high velocity air to form a fine fiber structure. The material can be used as-is or thermally point bonded for additional strength. WypAll® WetTask® Wipes (06411, 06471, 77320) WypAll® Disinfecting Wipes WypAll® ProScrub® Heavy Duty Wet Towels Kimtech Pure™ W4 Wipers Scott® Xtreme Multi-Purpose Cleaning Wipes

✓ Compatible Wetting the wipe with the chemical prior to use will not diminish the efficacy of the chemical. The wipe is chosen with its suitability for use with the specific type of chemistry.	✗ Not Compatible Wetting a wipe with the chemical could result in reduction of the active ingredient and diminish the efficacy of the chemical. The chemical could have an adverse effect on the structure of the wipe causing it to break down prematurely in use, diminishing the performance of the wipe.

DRC Thick absorbent material for heavy wiping Our DRC (Double Re-Creped) basesheet technology produces a plush, soft surface with pockets in the inner layer to enhance absorbency. The tissue provides the softness and water absorbency; the latex delivers oil absorbency and adds wet strength vs. a paper towel. WypAll® L-Series Wipes (L30, L40) Scott® Shop Towels Original™ Scott® Rags On A Roll™ Scott® Rags In A Box™	LDC Lightweight, absorbent for light wiping Light Dry Creped: conventional tissue manufacturing. Textured for extra cleaning power; multi-ply for strength and absorbency. WypAll® L-Series Wipes (L20) Kimtech Science™ Kimwipes® Delicate Task Wipes	UCTAD High quality, high-bulk structure for everyday wiping Uncreped Through Air Dried: manufacturing process that creates high-level absorbency and mid-level wet strength. WypAll® L-Series Wipes (L10) Scott® Shop Towels Glass

WYPALL

Try WypAll®. Risk-free.

Save 20% in 60 days with WypAll® wipes or your money back. Guaranteed![§]

Customer agrees to completely replace their current rags or laundered towels with WypAll® X Brand Wipes; WypAll® Foodservice Cloths or WypAll® Oil, Grease & Ink Cloths. The maximum amount that Kimberly-Clark Professional will pay out under this program is \$1,000 in cash per customer facility. Void where prohibited, taxed or restricted by law. Not responsible for lost, late, misdirected, incomplete or undeliverable submissions. Kimberly-Clark Professional reserves the right to modify or cancel this program at any time.

Our Guarantee

Your total satisfaction means everything to us. If, for any reason, our products do not meet your expectations, Kimberly-Clark will reimburse you* for your initial purchase, via FREE product, for up to \$1,000. For more information on Kimberly-Clark Professional, visit us online at www.KCProfessional.com.

* Guarantee extended to consuming end-user accounts only.

- 1 Noise Emission Testing August 2021
- 2 Based on KC Professional lab testing
- 3 As compared to leading folded towel systems
- 4 Internal cost-in-use Analysis, 2015 & 2016
- 5 As demonstrated in alpha and beta testing
- 6 In a study involving thirty-six people in restrooms in a facility in Alabama
- 7 According to 1Q'2021 Nielsen EQ share data
- 8 Qualifying wipes can be diverted from landfill if they meet program requirements, excluding liquids and so long as after use they are non-hazardous as classified by federal, state and local regulations
- 9 Refer to disinfectant label for directions and Chemical Compatibility Chart for recommended chemicals for use (Page 70-71)
- 10 In comparison against other WypAll® wipes
- 11 Not for use on compromised skin or open wounds
- 12 Can be reused up to 5 times (X60), 10 times (X70), 20 times (X80) based on Re-Usability Study of WypAll® Wipers, May 2023
- 13 Based on Gelbo dry particle generation test that screens for particles 50 microns or greater
- 14 When used with approved EPA registered antimicrobials according to specific product label instructions for appropriate application and use site
- 15 Base sheet contains less than 15 PPM of silicone oil
- 16 Compared to the leading value brand kitchen paper towel
- 17 Compared to Scott® Shop Towels Original™
- 18 Compared to the leading kitchen paper towel per Gelbo Lint Test
- 19 Follow manufacturer's instructions for chemical application and dwell time
- 20 Because bleach tends to destabilize, compatibility testing period was limited to 24 hours to reflect the usage instructions recommended by the bleach manufacturer
- 21 WypAll® Disinfecting Wipes formula is classified as Category IV by the EPA, which represents the lowest human toxicity levels for ingestion, inhalation, eye and skin contact.

† Lifetime Warranty applies to proprietary dispensers while they are installed and the end-user account is exclusively using Kimberly-Clark Professional products for those dispensers. Modules and housing units are included in the Lifetime Warranty when installed properly in qualifying dispensers and the end-user account is exclusively using Kimberly-Clark Professional products for those dispensers. For more information, visit www.KCProfessional.com/LifetimeWarranty.

‡ When installed properly, meets the ADA Standards for Accessible Design, 28CFR Part 36, local rules may vary.

††† When module and housing unit are installed properly, this dispenser meets the ADA Standards for Accessible Design, 28 CFR Part 36, local rules may vary.

†††† Virucidal Against: Rhinoviruses type 1A and 2 (Rhinoviruses are the leading cause of the common cold), Influenza A virus and Influenza B virus (causes the flu); Respiratory Syncytial Virus (RSV – the leading cause of lower respiratory tract infection in children)

‡ WypAll® blue L10 towels do not qualify for compost certification.

Subject to limitations and restrictions: Includes all food types excluding alcoholic beverages (Types I–V, VII, VIII per 21 CFR 176.170 Table 1) and conditions of use E–G per 21 CFR 176.170 Table 2. This product is not intended for use as food packaging.

§ Guarantee extended to consuming end-user accounts with the following restrictions: Replace your current rags or laundered towels with WypAll® X Brand Wipers, WypAll® Foodservice Cloths or WypAll® Oil, Grease & Ink Cloths; replace your current wiping system with Kimberly-Clark Professional Wiping Solutions for 60 days and see a 20% savings on chemical costs (06411, 06471, 77320, 36101). The maximum amount that Kimberly-Clark Professional will pay out under this program is \$1,000 per customer facility. Void where prohibited, taxed or restricted by law. Not responsible for lost, late, misdirected, incomplete or undeliverable submissions. Kimberly-Clark Professional reserves the right to modify or cancel this program at any time. See individual brochures for specific details and eligible codes.

Kimberly-Clark warrants that its products (1) comply with K-C's standard specifications as of the delivery date to K-C's authorized distributors/direct purchasers (2) comply with all K-C labeling representations; and (3) are manufactured in compliance with all applicable federal, state, and local laws in effect at the time and place of manufacture of the products.
