10U 19in Wall Mounted Server Rack Cabinet

Product ID: CAB1019WALL

The CAB1019WALL 10U Wall Mounted Server Rack Cabinet can be mounted to most wall materials, allowing you to securely position your rackmount equipment exactly as needed. This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

The server rack offers 10U of storage space and is designed to accommodate standard 19in (wide) rack equipment. To ensure a cool operating environment for your equipment, the server rack includes a 5in roof-mounted fan (85 CFM) and vented side panels - not only helping to keep temperatures down, but keep dust out of the rack.

To secure network and server equipment from tampering, the cabinet features a lockable, smoked acrylic front door, that can be removed entirely or installed to open from the left or right as needed.

Backed by a StarTech.com Lifetime warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

• Perfect for installing network switches out of the way and high up on a wall in a branch office, warehouse, or superstore location
