

USB to PS/2 Adapter - Keyboard and Mouse

Product ID: USBPS2PC

This PS/2 USB Adapter converts a single USB port into two universal PS/2 ports, letting you connect any PS/2 peripheral (e.g. mouse, keyboard) to a computer through USB.

Supporting plug and play installation, the PS/2 USB adapter offers a cost-effective way to bridge legacy PS/2 peripherals with a more modern, USB-capable computer.

Certifications, Reports and Compatibility

Applications

- Connect PS/2 accessories to a new computer with only USB ports
- Connect a full sized PS/2 keyboard and mouse to a laptop or netbook

Features

- Separate PS/2 keyboard and mouse inputs
- Single USB host connection to computer
- Plug-and-Play compatible
- No driver or software required
- No external power source required

Hardware
