It's also compatible with Thunderbolt 3 ports.

At 2 m (6 ft.) in length, this adapter cable delivers a direct connection that eliminates excess adapters and cabling, ensuring a tidy, professional installation. For shorter installations, we also offer a 1 m (3 ft.) USB-C to HDMI cable, enabling you to choose the right cable length for your custom installation needs.

The adapter cable is easy to connect, through the versatility and convenience of the USB Type-C port on your device. USB-C is a reversible connector, so it doesn't matter which way you plug it in, the adapter will always connect. This saves you the frustration of trying to insert it correctly when you're docking your computer to your workstation or office hot desk.

At four times the resolution of high-definition 1080p, you'll be amazed at the picture quality of a 4K monitor or television. This adapter cable lets you harness the video capabilities that are built into your USB Type-C connection to deliver the astonishing quality of Ultra HD to your 4K display.

The adapter is backward compatible with 1080p displays, ensuring the adapter will also work for HD applications at your home or office.

The CDP2HDMM2MB is backed by a 3-year StarTech.com warranty and free lifetime technical support.
