

7ft (2.1m) Cat6 Snagless Unshielded (UTP) Slim Ethernet Network Patch Cable - White Part No. CG-01188

This cable is designed for fast Ethernet networks that require bandwidth-intensive voice, data, or video distribution applications. Constructed from high quality copper cable, this design minimizes Near-End Crosstalk (NEXT) levels. The molded, snagless boot prevents unwanted cable snags during installation and provides extra strain relief. Available in a variety of colors to easily color-code your network installation.

 This patch cable does not meet the recommend conductor size, 22-26AWG, requirement of ANSI/TIA-568-C.2. Attenuation is increased due to the smaller 28AWG conductors.

- 96 Meter Channel (90 meters of horizontal cable and up to 6 meters of slim network patch cables)
- 93 Meter Channel (83 meters of horizontal cable and up to 10 meters of slim network patch cables)
- For POE/POE+ applications we limit bundles to 40 cables due to heat dissipation of these reduced diameter cables.

Features & Benefits

36% reduction in diameter compared to standard Cat5e cables			Snagless connector design
Meets the ANSI/TIA-568-C.2 standard for Patch Cord Performance			28AWG construction
Specifications			
General Info			
Product Line	C2G	Color	White
UPC Number	757120011880	Country Of Origin	Vietnam
- eatures	PoE (Power Over Ethernet)	Application Sector	Residential, Commercial, Industrial
Warranty Type	Lifetime	Туре	Cable
Dimensions			
Product Length US	7.0 FT	Cable Length	7 ft

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Wire Gauge	28 AWG
Cable Type	Ethernet Patch Cable, Booted, Snagless, Slim, Unshielded (UTP)	Jacket Rating	Standard / Non-Rated
Adapter Rear	RJ-45 Male	Adapter Front	RJ-45 Male
