

Horizontal and Vertical Organizers

**Better wire management
no matter which direction
you're running cable.**

FEATURES

- » Keeps cabling connections neat in patch panels or relay racks.
- » Choose horizontal models for patch panels or vertical models for relay racks.
- » No cable ties required.
- » One unit organizes side and back cables.
- » Cancels out cable stress.
- » Rugged steel construction with black finish.

JPM705A-R2

OVERVIEW

Need to organize cables in a patch panel or relay rack? Our [Horizontal](#) or [Vertical Organizers](#) let you do just that.

JPM700A-R2–JPM704A-R2

It's easy to keep your connections straight with 19" [Horizontal Organizers](#). Mounted between Category 5 modular jack panels, they route patch cords to jacks in front, and cables to 110 clips in back. There's no need for cable ties, which can be cinched too tightly and hinder performance. Standard models have vertical fixed front and rear hooks to help route cable and combo models have a combination of vertical and horizontal fixed front and rear hooks.

The organizers allow plenty of room for 4-pair Category 5 cable and keep the cable jacket intact until reaching the 110 clips.

Since they're all in one piece, the organizers optimize front-and back-side horizontal cable management.

Plus, they maintain twists and minimize the length of exposed pairs.

The organizers also eliminate cable stress and ensure compliance with minimum bend radius requirements.

JPM705A-R2–JPM706A-R2

The [Vertical Organizers](#) route patch cords and cable vertically between relay racks. Rings in front organize patch cords; a U-shaped channel in back permits orderly cable routing.

Use the JPM706A-R2 with a 6-inch (15.2-cm) width between fully loaded racks; use the JPM705A-R2 with a 3-inch (7.6-cm) width with a single rack, at the end of a lineup, or between partially loaded racks.

TECH SPECS

Rack Spaces Occupied — JPM700A-R2–JPM701A-R2: 1;
JPM702A-R2–JPM704A-R2: 2

Size — JPM700A-R2: Horizontal front rings: 1"H x 1.8"D (2.5 x 4.6 cm);
Horizontal back rings: 1"H x 1.8"D (2.5 x 4.6 cm);
JPM702A-R2: Horizontal front rings: 1.8"H x 1.8"D (4.6 x 4.6 cm);
Horizontal back rings: 2.5"H x 1.6"D (6.4 x 4.1 cm);
JPM701A-R2: Vertical front rings: 1.8"H x 1.8"D (4.6 x 4.6 cm);
Horizontal front rings: 1"H x 1.8"D (2.5 x 4.6 cm);
Horizontal back rings: 1"H x 1.8"D (2.5 x 4.6 cm);
JPM703A-R2: Vertical front rings: 1.8"H x 1.8"D (4.6 x 4.6 cm);
Horizontal front rings: 1.8"H x 1.8"D (4.6 x 4.6 cm);
Horizontal back rings: 2.5"H x 1.6"D (6.4 x 4.1 cm);
JPM704A-R2: Vertical front rings: 3.8"H x 1.8"D (9.7 x 4.6 cm);
Horizontal front rings: 1.8"H x 1.8"D (4.6 x 4.6 cm);
Horizontal back rings: 2.5"H x 1.6"D (6.4 x 4.1 cm);
JPM705A-R2: Height: 84" (213.4 cm); Trough width: 3" (7.6 cm);
JPM706A-R2: Height: 84" (213.4 cm); Trough width: 6" (15.2 cm)

What's included

JPM700A-R2–JPM701A-R2:

- ◆ 19" Horizontal Cable Organizer, 1U
- ◆ (12) 1-inch (2.5-cm) plastic cable clamps
- ◆ (4) 10-32 screws and (4) 12-24 screws
- ◆ User's manual

JPM702A-R2:

- ◆ 19" Horizontal Cable Organizer, 2U
- ◆ (24) 1-inch (2.5-cm) plastic cable clamps
- ◆ (4) 10-32 screws and (4) 12-24 screws
- ◆ User's manual

JPM703A-R2–JPM704A-R2:

- ◆ 19" Horizontal Cable Organizer, 2U
- ◆ (24) 1-inch (2.5-cm) plastic cable clamps
- ◆ (4) 10-32 screws and (4) 12-24 screws
- ◆ User's manual

JPM705A-R2–JPM706A-R2:

- ◆ Upper organizer
- ◆ Lower organizer
- ◆ (6) bolts, (6) nuts, (6) washers, (6) locking washers
- ◆ User's manual
