

HP Production Matte Polypropylene, 3-in Core for HP PageWide Technology

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Print durable, high-impact signs

Deliver high-quality, economical prints

Produce cost-effective, tear-resistant¹ prints with excellent versatility and value for a wide range of applications. You get durable performance without trading off brilliant color and edge definition.

REACH compliant²

Offer a wide range of applications from presentations to banners and displays—and help meet the environmental objectives of your company and your clients with this versatile, printing material. HP Production Matte Polypropylene is REACH compliant²—a regulation of the European Union adopted to improve the protection of human health and the environment from risks that can be posed by chemicals.

Offer lasting prints

This sturdy, opaque material is tear-resistant¹ and able to stand up to harsh conditions.

Target customers	Applications	Benefits
Print service providers	Trade show and event displays	Economical and versatile
Sign shops	Posters and presentations	Excellent opacity and optical density
Graphic designers	POP and retail displays Banners	Sturdy, tear-resistant ¹ prints Fast dry time
		Compatible with Original HP PageWide XL pigment inks and Original HP pigment- and dye-based inks for HP DesignJet printers ³

Technical specifications

HP Production Matte Polypropylene, 3-in Core for HP PageWide Technology
