SW-101

Key **Features**

• Share and display content from any mobile device to a ViewBoard Display

Product **Description**

ViewBoard® Cast Pro enables content to be streamed from mobile devices onto a ViewBoard® display over wireless or cable networks. Up to 6 users can simultaneously annotate content (such as documents, cloud files, multimedia, etc.) on their devices in real time, and then stream and share that content onto the ViewSonic® large format display. Download today for your 14 day trial.
