Description

Optimize efficiency while reducing consumption with Cascades PRO Perform® Interfold Napkins specially designed for one-by-one dispensing. Ideal for restaurant patrons looking to minimize their environmental impact, these napkins help reduce waste and provide greater cost effectiveness, hygiene and respect for the environment compared with standard napkins and dispensers. Made from 100% recycled fibre, these natural brown napkins provide an option that is respectful of the environment. With 188 sheets per integrated dispenser, each napkin is 1/4 folded, ensuring convenient individual dispensing. Ideal for high-traffic locations, these napkins are compatible with Tandem® C4 interfold napkin dispensers. The dispenser integrated in each pack simplifies access and guarantees individual dispensing with each use. Suitable for industrial and municipal composting facilities, but not for home composting.
