

Color Diffusing Paper Feathers

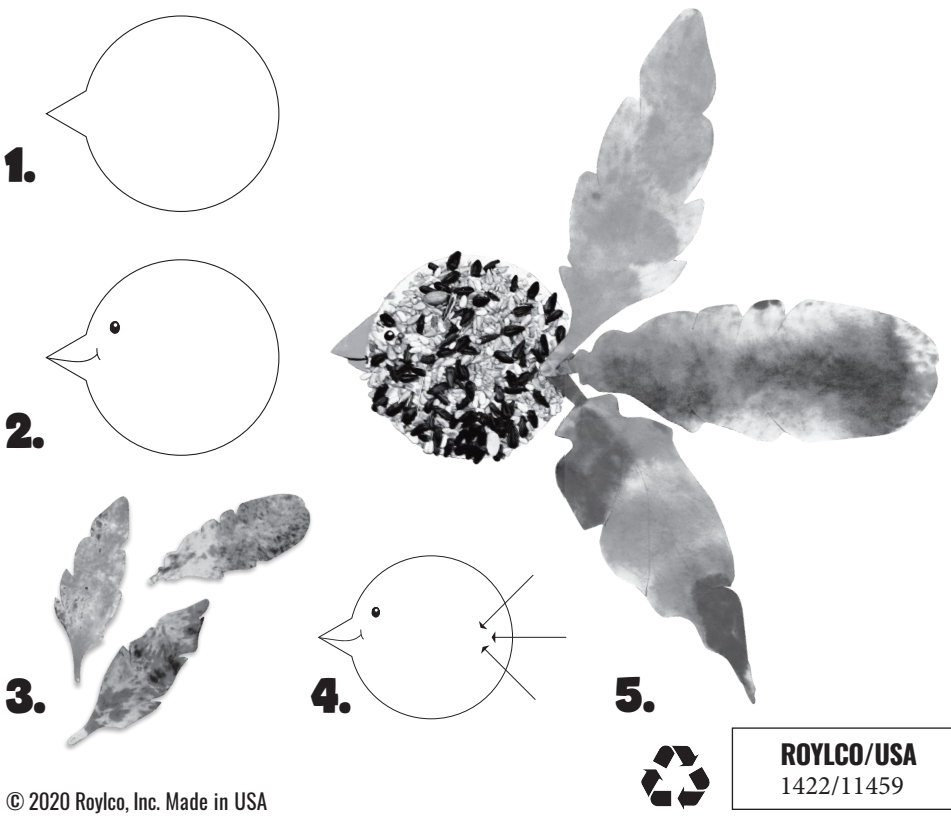

R24916

Our Color Diffusing Paper is perfect for creating feathers, so we've done the hard part for you! In this pack you'll find 4 unique feather designs based on actual feather shapes. Add a splash of watercolor, drip some clean water on top, let dry and repeat until you get the colorful effect you're looking for. Visit our website, www.roylco.com, for tips and tricks on how to make the most of your Color Diffusing Paper creations.

Bird Seed Bird

Try this fun and simple craft! Here's what you'll need: cardstock paper, markers, scissors, non-toxic white glue, bird seed, Color Diffusing Paper Feathers, liquid watercolors, water, misting bottle.

1. Using cardstock, cut out a body shape like this...
2. Color in a bird face like this...
3. Choose 3 Color Diffusing Feathers and decorate them with liquid watercolors and clean water using the misting bottle. Allow to dry.
4. Glue the feathers to the body shape here...
5. Spread some glue over the body shape (try not to cover up your bird's face) and sprinkle with birdseed. Shake off the excess and allow to dry.
