DuraStrap™ X

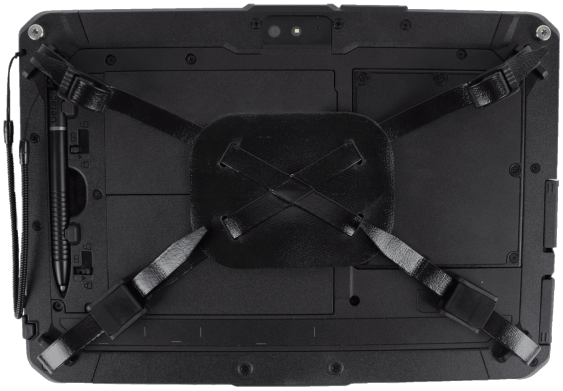

The **DuraStrap™** is a product that combines all of the functionality of Fieldmate straps with a waterproof, sanitizable surface, making it an ideal solution for healthcare, food service, or other bio-sensitive environments.

It has excellent performance in heat and cold, is extremely resistant to cuts, tears, and abrasion, and it is impermeable to liquids. The **DuraStrap™** can be disinfected up to the same levels of a fully rugged Getac device.

DuraStrap X

All the benefits of the Elastic X, in an impermeable, sanitizable material, ideal for bio-sensitive environments.

Getac Part #: 590GBL000843 (for ZX10 & UX10)

RoHS Compliant

Tempered Glass Screen Protection

InfoCase®
a GAMBER JOHNSON company

GETAC SELECT

Touch and stylus compatible

Multi-layer construction provides high impact resistance

Oleophobic coating is resistant to smudge and fingerprint

We know your device screen is tough, but it is not indestructible. Avoid downtime, mitigate display replacement and extend the life of your technology investment by adding a stealth layer of display protection.

- 9H hardness protects the display glass from scratching.
- High light transmittance and superior optical clarity makes the protector nearly unnoticeable.
- Quick and easy, bubble-free installation.
