Work, school, or home, the **IdeaPad** L3 has something for everyone.

WHY YOU SHOULD BUY THE LENOVO IDEAPAD L3

Not your grandmother's laptop

This isn't the everyday-use laptop that's only good for checking emails and typing up essays. Powered by up to 10th Generation Intel® Core™ i7 processor, **IdeaPad** L3 delivers the performance and responsiveness you need to work, gaming and stream efficiently with less waiting.

Get lost in the experience

Take advantage of the **IdeaPad** L3's Dolby Audio™ speaker system and narrow-bezel FHD display, built to bring your favorite videos to life with vivid colors and three-dimensional sound.

Lenovo™

Privacy is key

The **IdeaPad** L3 features a crystal-clear HD webcam for all your video conferencing needs, but that doesn't mean you want hackers looking at your home through it. The physical privacy shutter makes it impossible for a webcam hack to gain a window into your personal life.

Stop searching for an open socket

With all-day battery life, the **IdeaPad** L3 can go anywhere and perform. And if you need a quick boost, rapid charge technology gets your battery from 0 to 80% in under an hour so you can get back to getting everything you need accomplished.
