

SAFCO®

48 Hour Quickship Catalog
2021

FURNISHING A HIGH-PERFORMANCE WORKSPACE THAT REFLECTS YOUR BRAND AND CULTURE SHOULD BE SIMPLE. SAFCO® PROVIDES EVERYTHING YOU NEED NEATLY CURATED INTO THIS QUICKSHIP COLLECTION, ALL AT THE RIGHT PRICE, AND DELIVERED AT THE SPEED OF BUSINESS.

Our Quick Ship product offering and robust service capabilities make us the ideal partner to help your workspace and your people achieve more.

48 HOUR QUICK SHIP

Shipping within 48 hours may sound too good to be true, but it's a commitment we're dedicated to. Products ordered from this catalog will ship from one of our domestic distribution centers within 48 hours of receiving a complete Purchase Order. If information is missing from your order such as color, feature choices, quantity, shipping information, etc., our Customer Care team will reach out to you promptly.

OUR LOCATIONS

We're set up to support you no matter where you are located. Our distribution centers, manufacturing facilities, and showrooms create an efficient network designed to provide you with a fast and easy customer experience.

DISTRIBUTION CENTERS (DC'S)

DC's are located -in Riverside, CA and Windsor, VA to facilitate rapid turnaround needs and get your business up and running fast.

Need to know exactly where your products are shipping from? Simply call 888.971.6225 to speak with a live Customer Care representative; 7:30am - 5:00pm CST.

MANUFACTURING FACILITIES

Milford, Iowa, is home to our state-of-the-art manufacturing facility, where we build our legacy products and new product designs. Configured products, custom upholstery seating, and lockers are produced at our Kennesaw, - GA location.

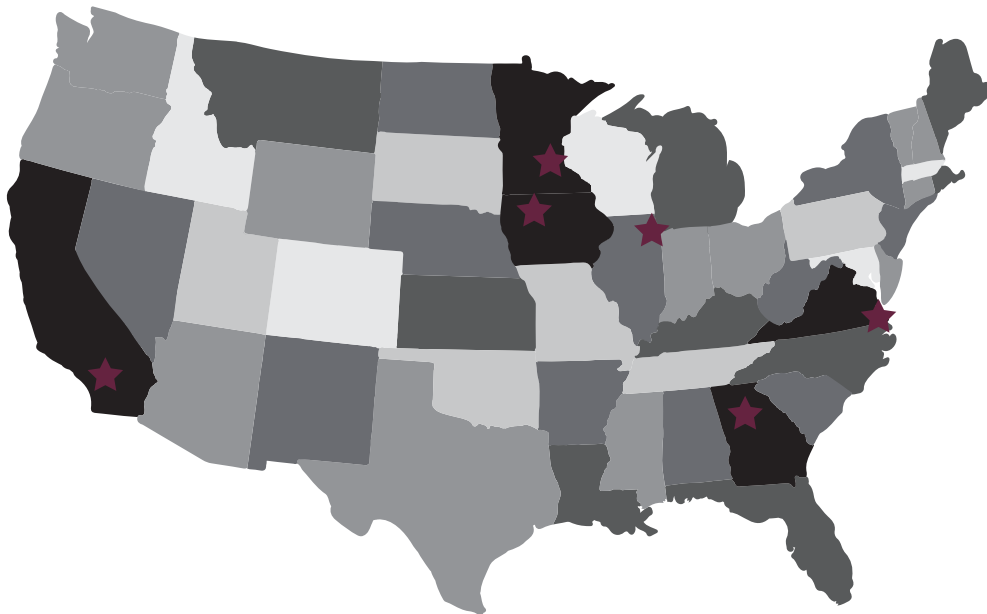

SHOWROOMS

With two owned and operated showroom locations, as well as an extensive network of Rep Group Partner showrooms, our customers can experience our products firsthand. Visit the rep locator on our website to find one nearest you.

Safco Showrooms are located in Milford, IA and at the Merchandise Mart in Chicago, IL.

HEADQUARTERS

Located in New Hope, Minnesota, our headquarters are home to our Customer Care team and other critical company operations, such as our product designers, engineers, sales, and marketing teams. This is where your orders get placed and all your inquiries get answered promptly.

SPACE PLANNING SERVICES

Our team of space planning experts provide robust layout and design services that include our entire product offering, providing you with a complete solution specifically designed to help you achieve your workspace goals. Detailed design renderings bring colors and textures to life and allow you to envision how Safco products will fit into your unique space.

For any space planning questions, please call us at 800-735-6869.

INSTALLATION SERVICES

We don't like leaving anything to chance, and that includes installation. Visit our website or contact Customer Care to find a certified installer near you. Our in-house Installation Manager can help address any questions to ensure your project goes smoothly from start to finish.

STATEMENT OF QUALITY

From design concept to final delivery, quality is ingrained within everything we do. That's why we are committed to the highest level of satisfaction in the manufacture, sale, and support of our products. We understand that quality extends beyond simple product function, so we work hard to exceed customer expectations.

We strive for continuous improvement in all areas and consider our quality programs an integral part of that improvement process. As an industry leader, we ensure that our products meet or exceed the quality standards our customers expect. We also offer an extensive collection of third-party tested products that meet high environmental and safety standards set forth by BIFMA, UL, the State of California, and others.

ENVIRONMENTAL COMMITMENTS

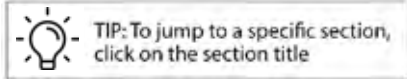

At Safco, we are so committed to environmental sustainability as a core value that we rigorously maintain and continually strive to improve upon each day. This charge to uphold sound health, safety, and environmental management practices extends beyond our walls to include a pledge of uncompromising adherence by our suppliers as well.

Our long-standing dedication to ensuring our products meet the rigorous chemical emissions standards of GREENGUARD Certification signifies our ongoing stewardship and resolve to help our customers achieve a safe and healthful workplace. We will continue to develop environmentally-conscious products through responsible manufacturing practices that our customers can feel good about.

OPERATIONS

Safco advocates continuous improvement in its operations, specifically in the areas of efficient recycling and/or disposal of waste materials and enhanced treatment and control of waste emissions affecting air, water, and soil. Safco also encourages the practice of waste reduction operations such as machine efficiency, raw material utilization, and conservation of soil, air, water quality, biodiversity and wildlife and aquatic habitats. We also practice sustainable forest management policies where applicable: end-of-life treatment recommendations, raw material and recycled content regulation, and legal compliance with environmental legislation.

MIRELLA™ CONFERENCE

OVERALL PRODUCT DETAILS

- conference series has a contemporary design with finishes and accents that provide a residential look
- standing-height or sitting-height options available; standing-height provides a more active way to meet and collaborate
- available in southern tobacco, sand dune, white ash and stone gray (work surface) with white ash laminate
- brushed silver legs and accents for white ash and stone gray options; black powder coat legs and accents for southern tobacco & sand dune
- all conference tables feature a 1 $\frac{5}{8}$ " work surface
- coordinates with Casegoods (pg. 9) and Reception Furniture (pg. 12) for a cohesive and professional look

STANDING-HEIGHT CONFERENCE TABLES

- a two – tier design (3¾" between tiers) separated by black or silver standoffs (color based on laminate)
- allows for optional integrated power nested between two-tier design on all sides of table, perfect for discreet storage and charging of small electronics
- table with 6 cutouts for power modules (MRPM3 power modules sold separately)
- power option for standing table is hidden under the surface in the two tier design, keeping the entire top surface free of obstructions
- rectangular tables available in: 8, 12, and 16' options

SITTING-HEIGHT CONFERENCE TABLES

- features a one-tier work surface with no floating top
- 1 cutout and grommet cover included with 8' conference tables
- 2 cutouts and grommet covers included with 12 – 16' conference tables.
- top surface cutout designed to work with the PM33 (PM33 is available in either silver or black)
- rectangular tables available in: 8, 12, and 16' options
- 42" and 48" round conference tables are also available for smaller more private meeting areas (sitting only)

ABERDEEN® CONFERENCE

- conference tables balance the look of wood with the performance and affordability of laminate
- encourages collaboration with a variety of sizes fit for varying amounts of people; available in Round 42" and 6, 8, 10, 12 and 18' Boat style
- all tables feature durable 1½" thick surfaces and distinctive fluted edge detail
- surfaces are abrasion and stain resistant for durability
- legs have cable chimney for concealed cable management from surface to floor with structural modesty panels that conceal cables horizontally under the surface
- tables accept optional power modules (see model SPM) for power and data access to operate computers and presentation equipment ranging from one to three modules based on length of table
- multiple conference accessories available to support any conference room requirement
- all pieces coordinate seamlessly with Aberdeen Casegoods (pg. 18-19) and Reception Furniture (pg. 21) for easy customization and cohesion

YOU MAY WANT TO TAKE A SEAT, WHAT WE HAVE TO SHOW YOU COULD COME AS A SHOCK.

Seating options that are functional, ergonomic, stylish and affordable? Yes, they exist. And Safco® has them. We also have the Safco Active Collection to help incorporate more movement into the work day, even while you're sitting. Browse through customizable styles that range from flashy, fabulous and a little bit futuristic to the more traditional, tactful and timeless. From classic task chairs to stylish bistro-height break room chairs, Safco has it all. So go ahead, take one for a spin. Or a bounce. Or a lean. Whatever movement you prefer, really. Because as we like to say, "It's all about your next movement," and now that movement can come naturally, even while you're sitting.

MOBIS® II SEAT

- Tri-Flex Seat Cushion has built-in sitz bone contours and a waterfall edge for plush support and may help reduce pressure points
- pivoting seat leg inspires dynamic movement to keep users active throughout the workday
- supports leaning posture – encourages a hip-to-torso range of 130 to 135° which provides less pressure on your spine and connecting muscles when compared to standing
- easy-adjust piston-release handles raise and lower the seat
- seat pan is positioned forward to help promote an open hip angle that may help engage the core muscles
- ellipse-shaped base with non-slip rim provides stability for active postures
- minimalist design encourages you to use muscles to support a better posture versus other traditional seating options
- simple, two-step assembly
- optional bundle with Stabilizing Footrest (FFR-1000) available
- designed by Martin Keen

5132	HARD FLOOR CASTERS	89.00
5138	2" NYLON GLIDES	40.00

EXTENDED-HEIGHT LAB STOOL

- pair with a drafting table, work bench or other standing-height work surface
- adjustable-height, 18" chrome footring prevents feet from swinging and wraps all the way around the stool for access from any seated position
- raising legs and feet onto the footring may lessen pressure on legs and support correct ergonomic posture
- rated up to 250 lbs.

TASK MASTER® INDUSTRIAL SERIES

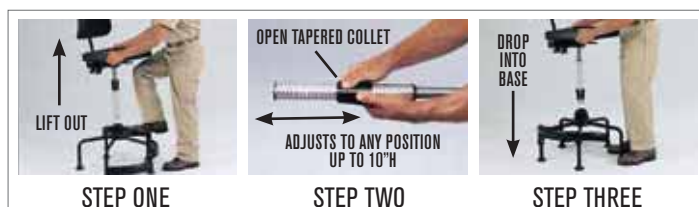

- offers overall height from 17-35" for correct ergonomic support for a variety of users
- patented wave tube extension offers additional 10" of height
- backrest tilts 22°
- ergo knob controlled backrest height adjustment
- seat tilts 10° with paddle lever controls
- padded 2½" seat cushion to help prevent fatigue
- eight-inch pneumatic lift
- 5120 has high, mid and low-rung polypropylene footrest mounts on a 26" dia. base; 5117 has mid-rung footrest only
- footrests provide correct ergonomic posture and may help ease pressure points in legs
- covered with black microcellular, self-skinning polyurethane foam

CHAIR FEATURES

There are many features to consider when selecting the perfect chair to suit your needs. These symbols will help you choose the features that are right for you. They are used throughout this catalog to help quickly identify each chair's features. The descriptions of the features shown are meant to be general explanations. The actual functions of the features may vary slightly between chair series.

 1 PNEUMATIC SEAT HEIGHT ADJUSTMENT Quick and easy adjustment regulates height of chair relative to the floor.	 10 DUAL-ACTION SYNCHRO-TILT Back reclines at a 2-to-1 ratio to seat angle. Allows user to recline while keeping seat cushion relatively level to floor (dot indicates pivot point).
 2 BACK HEIGHT ADJUSTMENT Simple lift motion positions lumbar support within a limited range height adjustment to potentially support a healthy posture.	 11 TILT TENSION Controls rate and ease with which chair reclines to different weight and strength of users.
 3 SEAT DEPTH ADJUSTMENT Positions chair back relative to seat, which may reduce pressure on the buttocks and thighs for both taller and shorter users.	 12 TILT LOCK Locks out tilt function when chair is in upright position.
 4 SEAT GLIDE MECHANISM Seat cushion travels forward and back, then locks into position.	 13 POSTURE LOCK Back angle adjusts independently of seat, and can be locked in an infinite number of positions within a fixed range.
 5 360° SWIVEL Chair rotates a full 360° in either direction for ease of motion. Standard on every task chair.	 14 MULTI-TASK CONTROL TILT Adjusts seat and back angles with a single lever (infinite number of positions within a fixed range), supporting a range of healthy postures.
 6 TILT Pivot point located directly above center of chair base (dot indicates pivot point).	 15 ASYNCHRONOUS CONTROL Three levers modify: • Angle of back relative to seat • Recline (free float or infinite locking within a fixed range) • Forward seat tilt (for keyboard intensive applications)
 7 MID-RANGE KNEE TILT Pivot point located slightly ahead of center of chair base (dot indicates pivot point). May aid user in keeping feet flat on floor while chair reclines.	 16 DUAL-CLUTCH POSTURE CONTROL Adjusts seat and back angles independently with two levers for infinite number of positions within a fixed range (dot indicates pivot point).
 8 KNEE TILT Pivot point located near front edge of chair (dot indicates pivot point). May aid user in keeping feet flat on floor while chair reclines.	 17 VARIABLE SYNCHRO-TILT Back reclines at a 2-to-1 ratio to seat. Chair can recline freely, or lock in five positions. Forward angle control provides an extra 6° in range of motion.
 9 SYNCHRONIZED KNEE TILT Back reclines at a 2-to-1 ratio to seat angle. Pivot point located near front edge of chair base (dot indicates pivot point).	 18 INVERSE SYNCHRO-TILT With automatic tension control operation for potentially better circulation. Zero front rise control may help keep feet on the floor when reclining.
 19 INTEGRAL LUMBAR SUPPORT Easily adjusts to enhance comfort.	

ARM OPTIONS

 FIXED POSITION ARMS	 LOOP ARMS	 ADJUSTABLE-HEIGHT ARMS	 ADJUSTABLE-WIDTH ARMS	 BREAKAWAY ARMS
--	--	---	---	---

CHAIR FUNCTIONS

1 PNEUMATIC SEAT HEIGHT ADJUSTMENT :

Quick and easy adjustment regulates height of chair relative to the floor.

- Properly adjusted, may provide optimum, balanced support for lower back, buttocks & thighs
- May encourage appropriate blood circulation to legs and feet
- May eliminate pressure points to popliteal area behind the knees

2 BACK HEIGHT ADJUSTMENT :

Simple lift motion positions lumbar support within a limited range of height adjustment to potentially help support a healthy posture and alleviate back stress.

- Properly positioned lumbar support provides support to the lower back, which may help the spine maintain a healthy curve when seated, potentially alleviating stress to the vertebrae

3 SEAT DEPTH ADJUSTMENT :

Positions chair back relative to seat, which may reduce pressure on the buttocks and thighs for both taller and shorter users.

- Properly adjusted, Seat Depth may help users maintain proper back support, while distributing their weight evenly across the seat cushion

4 SEAT GLIDE MECHANISM :

Seat cushion travels forward and back, then locks into position

- Properly adjusted, Seat Glide Mechanism may help users maintain proper back support, while minimizing pressure to the popliteal area behind the knees

5 360° SWIVEL :

Chair rotates a full 360° in either direction for ease of motion. Standard on every task chair.

- May allow user to access a variety of adjacent work areas without standing up from the chair
- The greater the amount of body movement, the more the user may benefit from increased blood flow to the spine and extremities, as well as the redistribution of pressure points during the workday

6 TILT :

Pivot point located directly above center of chair base (dot indicates pivot point).

- Supports a reclined posture
- May allow for a beneficial rocking motion (movement) during the workday
- The greater the amount of body movement, the more the user may benefit from increased circulation and redistribution of pressure points during the workday

7 MID-RANGE KNEE TILT :

Pivot point located slightly ahead of center of chair base (dot indicates pivot point). May aid user in keeping feet flat on floor while chair reclines.

- The front edge of the seat stays closer to the floor - this may allow the feet to remain relatively flat on the floor while users enjoy a relaxed position for correct posture
- Because gravity works with the user, the chair may have a beneficial rocking motion (movement)
- Body movement may create an increase in circulation and redistribution of pressure points during the workday

CHAIR FUNCTIONS CONTINUED

8 KNEE TILT :

Pivot point located near front edge of chair (dot indicates pivot point).

- May aid user in keeping feet flat on floor while chair reclines for correct ergonomic posture

9 SYNCHRONIZED KNEE TILT :

Back reclines at a 2-to-1 ratio to seat angle. Virtual pivot point located near front edge of chair seat (dot indicates pivot point).

- The front edge of the seat stays closer to the floor - this may allow the feet to remain relatively flat on the floor while the user enjoys a relaxed position
- The synchro-tilt motion opens the angle between torso and thigh, which may improve circulation to the legs and provide a more comfortable posture
- The greater the amount of body movement, the more the user may benefit from increased circulation and redistribution of pressure points during the workday

10 DUAL-ACTION SYNCHRO-TILT :

Back reclines at a 2-to-1 ratio to seat angle. Allows user to recline while keeping seat cushion relatively level to floor (dot indicates pivot point).

- Front edge of the seat stays closer to the floor - this allows the feet to remain relatively flat on the floor while the user enjoys a relaxed posture for correct ergonomic posture
- Synchro-tilt motion opens the angle of the torso, which may improve circulation to the legs and provide better spinal alignment
- Potentially increases circulation and redistributes pressure points during the workday from body movement

11 TILT TENSION :

Controls the rate and ease with which chair reclines to different weights and strengths of users.

- Enjoyable "rocking" sensation
- Body movement may create an increase in circulation and redistribution of pressure points during the workday

12 TILT LOCK :

Temporarily locks out tilt function when chair is in upright position.

- Allows user to sit in upright posture for keyboard use, while providing the option to recline when desired

13 POSTURE LOCK :

Back angle adjusts independently of seat, and can be locked in an infinite number of positions within a limited range.

- Supports a range of reclined postures for ergonomic positioning while performing a number of tasks

14 MULTI-TASK CONTROL TILT (MULTI-TASK TILT CONTROL) :

Adjusts seat and back angles with a single lever (infinite number of positions within a limited range), supporting a range of healthy postures

15 ASYNCHRONIOUS CONTROL :

Three levers modify:

1. Angle of back relative to seat
 2. Recline (free float or infinite locking within a fixed range)
 3. Forward seat tilt (for keyboard intensive applications)
- Helps support a wide range of movement and may help spinal alignment and weight distribution.
 - May help alleviate pressure points and encourage better circulation

DUAL - CLUTCH POSTURE CONTROL :

Adjusts seat and back angles independently with two levers for infinite number of positions within a limited range (dot indicates pivot point).

- Accommodates users of differing size in multi-shift environments

VARIABLE SYNCHRO - TILT :

Back reclines at a 2-to-1 ratio to seat. Chair can recline freely, or lock in five positions. Forward angle control provides an extra 6° in range of motion.

INVERSE SYNCHRO - TILT :

With automatic tension control operation for potentially better circulation. Zero front rise control may help keep feet on the floor when reclining. Tilt lever controls range of motion.

- The synchro-tilt motion opens the included angle between torso and thigh, which may improve circulation to the legs and provide a more comfortable posture
- Helps support a wide range of movement and may help spinal alignment and weight distribution
- May alleviate pressure points and encourage circulation from body movement

INTEGRAL LUMBAR SUPPORT :

Easily adjusts to enhance comfort.

- Helps support lower back and the natural curve of the spine

BRING MORE TO THE TABLE

Safco really brings more to the table with flexible solutions designed to maximize your investment, whether that's in break areas, cafés, community spaces, conference rooms, or casual collaboration zones. From standing-height bistro tables that accommodate impromptu meetings to easily reconfigurable nesting tables designed to support compact spaces, we have the right size and aesthetic choices to ensure your workers can focus, socialize, or collaborate anywhere your workspace allows.

TABLES

NESTING/TRAINING	84-91
TEAMING & BISTRO	92-94
EVENT	95
OUTDOOR	96

IMPROMPTU® TRAINING TABLES

- fold down top for nesting and storage
- 1" thick laminate top with vinyl edge band
- 1½" tubular steel base with polycarbonate modesty panel
- gray or cherry top with metallic gray or black base
- four casters (two locking) to easily reconfigure space
- optional ganging connector (2060BL) secures tables together
- complements Impromptu line of product solutions

BRING CREATIVITY TO LIFE

When your work revolves around the spontaneous creativity of hand drawing and the use of large-format documents, it's crucial that you have the right supporting tools to maintain the integrity of your designs. We offer multiple styles of high-quality drafting tables that adjust to the perfect angle for sketching and bringing ideas to life. And when it comes to storage and transport of unwieldy large-format files, we've got you covered with a wide selection of flat files and mobile roll files that offer optimal organization.

STEEL FLAT FILES

LOW BASE

- steel construction
- raises files 6" off floor
- front recessed 2¾" from file
- unit holds up to five files consisting of a combination of five and 10 drawer cabinets

HIGH BASE

- steel construction
- raises files 20" off floor
- base with enclosed back and sides with open front for storage of supplies
- holds up to two files

4994TSR

4995TSR

FLAT FILE FEATURES

EXTRA-STRENGTH DRAWER RAILS ENSURE PROPER DRAWER ALIGNMENT FOR SMOOTH OPERATION WITHOUT JAMMING

HEAVY STEEL SIDE-ROLLER ASSEMBLY WITH CASE-HARDENED STEEL BALL BEARING ROLLERS

COURTESY STOPS KEEP DRAWERS FROM ROLLING WHILE IN OPEN POSITION

SHEETS ARE PROTECTED BY REAR HOOD AND HINGED FRONT DEPRESSOR IN EACH DRAWER, WHICH ALSO PREVENT THEM FROM CURLING

POSITIVE CLOSURE KEEPS DRAWERS TIGHTLY SHUT

POWDER COAT FINISH FOR DURABILITY

MUSEUM/ARCHIVAL QUALITY PAINT FINISH ENSURES THERE IS NO OUT-GASSING AND THE ATMOSPHERE IN THE FILES HAS NO ACIDITY OR ALKALINITY (PH) CREATED BY THE FINISH

FUNCTIONALLY DESIGNED LABEL HOLDERS AND CHROME DRAWER HANDLES

FLAT FILE ACCESSORIES

DRAWER DIVIDERS

- use for five drawer flat files
- 11" plastic sections can easily be cut
- self-sticking back

LOCK KIT

- easy installation
- includes one lock and two keys

WARRANTY

Our warranty pledges excellence in the quality of our products. It helps protect our customer's investments and extends our continuing dedication to our customers after their initial investment.

LIMITED LIFETIME WARRANTY

Safco® warranty obligation: We pledge to repair or replace, at Safco's option, any Safco product or component that is defective in material or workmanship for as long as you, the original purchaser, own it. This warranty is subject to the provisions below.

LIABILITY LIMITATIONS

The following listed parts, components and supplies are covered under warranty in accordance with the below schedule following the product purchase date.

Ten Years: Seating controls and cylinders, Rumba™, Cha-Cha™, electric height-adjustable table series laminates, and wood seating components. All parts (excluding motor) on the XR, ML, E and LT-Series Height-Adjustable Tables.

Seven Years: Motor on XR-Series Height-Adjustable Tables.

Five Years: Glides, casters, polymer-based components, seating upholstery (fabrics and leather), foam, armrests, chrome seating components, user-adjustable work surface mechanisms, laminates, veneer finishes and other covering materials, drawer glides, electrical components, Event Series, cabinets or mobile systems, components that are either moving parts or controls (guides that are in contact with moving parts), and motors on the ML-Series, E-Series, and LT-Series Height-Adjustable Tables.

Three Years: Outdoor Products (Evos™, Canmeleon™ and CoGo™ Product Lines), High Density 4-Post wire shelving and wire components, and electrical components, Dry Erase Surfaces.

WARRANTY SUBJECT TO EXCLUSIONS

Exclusions pertaining to this warranty are as follows but are not limited to:

- Normal wear and tear
- Product or product components utilized with the intent to rent or lease
- Freight damages: Safco is not liable for any product damages sustained during shipping or handling operations. Safco provides specific policies and requirements regarding shipping and handling, and reserves the right to review and address product distribution matters separately.
- Product negligence: A product is not considered defective due to misuse or improper installation. Safco products must be installed, used and maintained in accordance with product instructions and warnings.
- Alterations or attachments to the product that were not approved by Safco
- All COM Fabric is not covered under this warranty
- All corrugated products or components
- Use of non-multiple shift products for multiple shifts

Safco's warranty obligation is limited to normal use upon receipt of our products.

SEATING USAGE

Normal commercial usage for seating is defined as the equivalent of a single shift, forty (40) hour work week. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

Models warranted for multiple shifts:

- Task Master® Industrial Series
- Soft Tough™ Series
- WorkFit™ Polyurethane Series
- Uber™ Series (500 lbs.)
- Alday™ Intensive-Use (500 lbs.)
- Vue™ Intensive-Use (500 lbs.)
- 24-Hour High Performance Chair (2424AG)

WARRANTY PROCEDURES

Please follow the warranty procedures described below:

1. Once a defect has been discovered, the original purchaser must contact Safco® immediately (within 30 days of defect detection), in writing, with the serial number(s) (if applicable), date code and model number from the product(s) in question.
2. Upon inspection of the product(s), Safco® will collect all relevant information necessary for review of the request.
3. Product replacement and replacement parts will be authorized by a Customer Care representative if acknowledged to be necessary under product warranty eligibility conditions.

SPECIFIC LIMITATIONS REGARDING COLOR VARIATIONS, FABRICS AND FINISHES

Natural products have varying grains and colors. Due to such natural variations occurring in materials such as wood and leather, these characteristics are not considered defects. Safco does not warrant the color-fastness or matching of colors, grains or textures of such materials. Materials supplied, selected or provided by the customer (COM) are not warranted.

Buyer is responsible for freight to and from factory on all warranty claims. Any description of the goods sold hereunder, including any reference to Buyer's specifications and any description in catalogs, circulars and other written or digital material published by Safco is for the sole purpose of identifying goods and shall not create an express or implied warranty that the goods shall conform to such description.

THERE ARE NO OTHER WARRANTIES, AND SAFCO DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND FREEDOM FROM PATENT INFRINGEMENT. NO AGENT, EMPLOYEE OR REPRESENTATIVE OF SAFCO HAS ANY AUTHORITY TO BIND SAFCO TO ANY AFFIRMATION, REPRESENTATION OR WARRANTY EXCEPT AS STATED HEREIN.

SAFCO SHALL HAVE NO LIABILITY FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES OF ANY KIND. THESE LIMITATIONS ARE AGREED ALLOCATIONS OF RISK. UNDER NO CIRCUMSTANCES SHALL SAFCO'S LIABILITY WITH REGARD TO THE SALE OR USE OF THE PRODUCTS EXCEED THE PURCHASE PRICE PAID BY THE BUYER FOR THE PRODUCTS. TERMS AND CONDITIONS OF THIS WARRANTY ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Note: Safco® does not require the customer to fill out a warranty registration card. Please keep all purchase documents for the product in event the warranty is needed. Contact our Customer Care team for any warranty assistance at info@safcoproducts.com or (888) 971-6225.
