

TBUS-20XL WAVES

Table Mount Modular Multi-Connection
Solution – Unique Design

TBUS-20XL WAVES is an in-table modular connectivity system with a revolutionary design and a new look for the next generation of TBUSes. TBUS-20XL(WAVES) is easy to install, easy to use and fully customizable with Kramer's line of power sockets, inserts, cables, and cable retractors. NOTE: Power sockets, inserts, cables, and cable retractors are purchased separately

FEATURES

Adjustable Lids - Both lids open manually and stay open at any angle. Even when fully closed, the two lids accommodate connected cords from multiple devices

Easy Installation - Fixed in place with just two screws from the top of the table

UL and CE Qualified

The inner frame (P/N: T20F-64) is purchased separately
