

#### QSFP-40GB-ZR4-AO

MSA and TAA 40GBase-ZR4 QSFP+ Transceiver (SMF, 1295nm to 1309nm, 80km, LC, DOM)

#### **Features**

- Compliant with QSFP28 MSA
- 4 channels SOA PIN photo detector
- 4 cooled 10.3125Gbps channels LAN WDM EML TOSA
- Class 1 laser safety certified
- Duplex LC Connector
- Single +3.3V power supply
- Commercial Temperature 0 to 70 Celsius
- Single-mode Fiber
- RoHS Compliant and Lead Free

## **Applications**

- 40GBase Ethernet
- Access and Enterprise

#### **Product Description**

This MSA Compliant QSFP+ transceiver provides 40GBase-ZR4 throughput up to 80km over single-mode fiber (SMF) using a wavelength of 1295nm to 1309nm via an LC connector. It is built to MSA standards and is uniquely serialized and data-traffic and application tested to ensure that they will integrate into your network seamlessly. Digital optical monitoring (DOM) support is also present to allow access to real-time operating parameters. This transceiver is Trade Agreements Act (TAA) compliant. We stand behind the quality of our products and proudly offer a limited lifetime warranty.

AddOn's transceivers are RoHS compliant and lead-free.

TAA refers to the Trade Agreements Act (19 U.S.C. & 2501-2581), which is intended to foster fair and open international trade. TAA requires that the U.S. Government may acquire only "U.S. — made or designated country end products."

# **Absolute Maximum Ratings**

| Parameter                  | Symbol | Min.    | Тур. | Max.  | Unit |
|----------------------------|--------|---------|------|-------|------|
| Supply Voltage             | Vcc    | -0.5    |      | 4.0   | V    |
| Supply Voltage             | Vcc    | 3.135   | 3.3  | 3.465 | V    |
| Storage Temperature        | Tstg   | -40     |      | 85    | °C   |
| Operating Case Temperature | Тс     | 0       | 25   | 70    | °C   |
| Relative Humidity          | RH     | 5       |      | 95    | %    |
| Data Rate Per Channel      |        | 10.3125 |      |       | Gbps |

## Notes:

- 1. Stresses exceeding the absolute maximum ratings can cause permanent damage to the device.
- 2. These are absolute stress ratings only.
- 3. Functional operation of the device is not implied at these or any other conditions in excess of those given in the operational sections of the datasheet.
- 4. Exposure to absolute maximum ratings for extended periods can adversely affect device reliability.

## **Electrical Characteristics**

| Parameter                                  | Symbol            | Min. | Тур. | Max. | Unit  |  |
|--|-------------------|------|------|------|-------|--|
| Module Supply Current                      | Icc               |      |      | 1650 | mA    |  |
| Power Dissipation                          | P <sub>DISS</sub> |      |      | 5000 | mW    |  |

|          | 1       | 1   | <u> </u> |

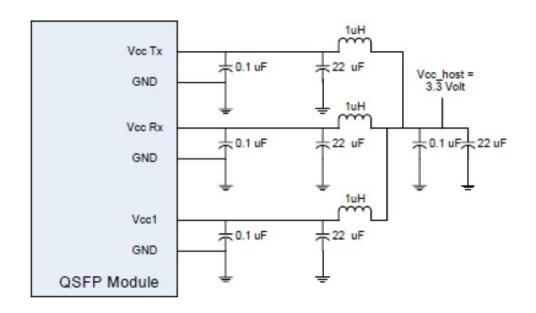

#### **Notes:**

- 1. The module signal grounds are isolated from the module case.
- 2. This is an open collector/drain output that on the host board requires a  $4.7k\Omega$  to  $10k\Omega$  pull-up resistor to Host\_Vcc.

#### **About AddOn Networks**

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is in engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
