

Poly Voyager Legend Headset +USB-A to Micro USB Cable +Charging Stand with no Wall Plug (7W6B7AA)

Overview

Answers the call, answers to you

Here's the headset that meets the demands of mobile professionals like never before, with connectivity to your preferred device. Smart sensor technology keeps you productive, voice alerts keep you informed, and voice commands keep you in charge. And with precision-tuned triple mics that cancel noise and wind—it's the only headset you need for your mobile life.

Outstanding audio quality

Hear the difference with the precision tuned triple-mic with enhanced Digital Signal Processors (DSP) for superior noise cancellation. Advanced WindSmart technology provides three layers of wind protection and integrated A2DP lets you listen to streaming media from your mobile phone or tablet.

Smart sensor technology

Smart sensors know when the headset is on or off; so calls can be easily answered by simply putting on the headset; pause music for incoming calls, or mute a call by taking the headset off.

Simply intuitive

Combining voice commands and smart sensor technology, Voyager Legend understands how and when you want to talk. Sensors react when you put the headset on, letting you quickly take a call without a click. If you're already wearing it, the headset announces who's calling and waits for you to say "answer" or "ignore". Simply tap the voice command button and ask to check battery level, connection status, and more.

Features

Mic check, 1-2-3

Sound your best in the worst traffic, street noise, or crowded areas. With precision audio, multi-microphones optimize your voice and minimize noise caused by wind, movement, and background sounds.

Protection from the elements

This headset works as hard as you do, through rain, sweat and the inevitable coffee spill. Protected against sweat and moisture damage with P2i technology.

Comfortable and durable

Comfort-tested for extended wearing, the flexible materials and balanced lightweight design is durable enough to withstand daily wear and tear. Silicon gel eartips come in three sizes so you can find the best fit.

Never miss a beat

The rechargeable pocket-sized charge case protects the headset and holds up to two full charges, so Voyager Legend will always be good to go.

You're in command

Separate mute, call, volume, and power buttons provide easy access and control. Toggle, slide, or tap the button you need without having to look at the headset.

Additional specifications

Acoustic protection technology	SoundGuard ^[1]
Audio	Smart sensor technology; Echo cancellation; Sidetone detection; Internal adaptive 20-band equalizer
Battery life	Up to 11 days (standby time); Up to 7 hours (talk time); Up to 21 hours (talk time with charging case)
Battery type	Rechargeable Li-ion polymer
Button user controls	Call answer/end; Mute; Volume +/-; Play/pause; Voice Assistant
Charge time	<1.6 hours
Charging plug	USB Type-A to magnetic USB cable
Color	Black
Connection type	Bluetooth®
Indicator light	Battery
