ProductSheet

Poly G7500 Video Conferencing System with EagleEyeIV 12x Kit No Radio TAA JITC (842T6AA)

Customize rooms with confidence

Outfit conference rooms to meet your organization's unique needs. The Poly G7500 video conferencing system offers quality audio and video, plus it's flexible and customizable for any room space.

Create your ideal space
This modular video conferencing system makes it easy to outfit conference rooms to meet your organization's unique needs. Loaded with flexible features, the Poly G7500 bundle leverages your design to power your meetings and wow your teams [1].

A flexible room solution
An easy to deploy solution for your modular meeting spaces. Seamlessly connects to Poly cameras and microphones for enhanced audio and video. And includes a robust set of REST APIs so you can easily integrate with other room components.

Featuring

Supports quality audio
Ensures voice clarity for any room type by supporting audio-conferencing processors like QSC, Shure, and Biamp over USB.

Built-in apps
Quickly launch video calls with built-in apps that provide a native full-featured experience — no PC required.

Seamless connections
Delivers an easily accessible modular room solution by seamlessly connecting to cameras, microphones, and other 3rd party components.

Hi-performance HD video camera
12x optical zoom camera includes a digital sensor to capture incredible detail for more natural communication. With a wide field of view, it's flexible enough to use in any room environment, from a small huddle room to a large boardroom.

Easy management via Poly Lens
Take control of your deployment via remote management with Poly Lens cloud-based device management software.
