

Hot Stuff Gel Oven and Grill Cleaner

Gel Oven & Grill Cleaner is designed to dissolve greasy soils and baked on deposits. It is ideal for cleaning grills, ovens, hoods and other hard-to-clean areas.

Features & Benefits

- Easy to use straight from the bottle
- Clings to horizontal and vertical surfaces providing longer contact time for thorough cleaning
- Cost effectively removes heavy deposits of greases and fats
- Rinses rapidly and completely to reduce total cleaning time
- Prevents rusting of grill

Applications

- For stainless steel oven and grills

Use instructions

- Flip open cap.
- Invert bottle and squirt product onto grill or oven.
- Spread product using a cotton wiping cloth and allow to stand for up to 30 minutes.
- Wipe surface with cloth until clean.
- Rinse surface with potable water and wipe dry.

Note ALWAYS WEAR LONG RUBBER GLOVES AND EYE PROTECTION WHEN SQUIRTING AND WIPING. Wash hands and arms after use. Do not let product contact pilot light, electrical connections, switches, light bulbs, heating elements, receptacles, or thermostats. Product may cause electric short. Do not let product contact floor coverings, linoleum, aluminum, copper, chrome, painted surfaces or plastics. Do not use on continuous or self-cleaning ovens. Do not use on hot surfaces above 120°F (48°C). DO NOT USE PRODUCT ON FIREBRICK.

For Food Plant Use: All food contact surfaces must be thoroughly rinsed with potable water after treatment with this product. Avoid contamination of food during use or storage.
