

Single Wall Hot/Cold Compostable Paper Cups - 8 Oz / White

100% compostable cups promotes sustainable purchasing practices as an alternative to traditional paper, plastic and styrofoam paper cups. Our cups are lined with PLA which is a renewable bio-resin made from corn. As a liner, it resists leaking and is used instead of the typical petroleum-based cup lining. These non-toxic, classic hot coffee cups are the best on the market making them ideal for serving coffee, tea, and other steamy beverages.

Key Features

- Stackable design for space-saving storage and easy dispensing
- Rolled rim provides tight, snug spill-free fit
- Bio-degradable disposable food services product
- Lids sold separately
