Regulatory Model Name

The regulatory model name for the HPE Aruba Networking 9114 Gateway is ARCN9114.

Regulatory Compliance

United States

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at their own expense. Any changes or modification not expressly approved by HPE Aruba Networking, a Hewlett Packard Enterprise company for compliance could void the user's authority to operate this equipment. This product complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Canada

This Class A digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

European Union and United Kingdom

CAUTION

This is a Class A product. In a domestic environment, this product may cause radio interference in which case the user may be required to take adequate measures.

The product complies with the requirements of Directive 2014/35/EU relating to electrical equipment designed for use within certain voltage limits, Directive 2014/30/EU relating to electromagnetic compatibility, Directive 2011/65/EU as amended on the restriction of the use of certain hazardous substances in electrical and electronic equipment, and carries the CE marking accordingly. The Declaration of Conformity is available at http://www.hpe.com/eu/certificates. Select the document that corresponds to your device's model number as it is indicated on the product label.
