

Poly DA85-M USB to QD Adapter (786C8AA)

Overview

Crystal-clear conversation

Poly DA Series digital adapters keep call center employees sounding crystal-clear from home or in the office. With easy USB-A or USB Type-C® connections, they adjust audio to each specific Poly headset, offering quality calls [1].

Flexible & future-proof

Preserve your tech investment with the Poly DA Series. Not only do these digital adapters include USB-A and USB Type-C® access right on the cable, they're also compatible with all your new and legacy Poly headsets and accessories [2].

Peak user experience

Call clarity isn't just a dream. Poly DA Series offers intelligent headset recognition that dynamically tunes audio performance. Stay distraction free to maximize productivity.

Features

Inline controls

With just one simple click, you can instantly mute all audio and visual transmissions - whether it's a phone call, a video conference, or a virtual meeting.

Connection flexibility

Answer soft-phone calls from any PC, no matter what kind of USB port you have. Built-in USB-A and USB Type-C® connectors on the same cable.

Smart headset recognition

Get incredible call quality on any Poly headset via intelligent headset recognition that adjusts audio performance to the specific headset.^[1]

Quick disconnect

Walk away from your desk with a click: Poly Quick Disconnect technology works with any Poly QD-equipped headset.^[3]

Acoustic hearing protection

SoundGuard DIGITAL featuring advanced acoustic limiting, including daily noise exposure, G616, and anti-startle functionality.^[4]

Certified for Microsoft Teams

Full Microsoft Teams certification takes your Microsoft Teams experience to the next level with a button for instant access to the app and more.

[1] Poly headsets sold separately.

[2] Poly headsets and accessories sold separately.

[3] Poly QD-equipped headsets sold separately.
