

HP 435 Programmable Wireless Keypad (7N7C3AA)

Complete control. Completely customizable.

Get more than numbers out of your keypad. The HP 435 Programmable Wireless Keypad is fully customizable^[1], to give you full control. Besides the standard numpad layout, a column of five blank keys can be configured as you see fit. In fact, this keypad has nine programmable keys with swappable keycaps for an endless array of workflow options.

Create your new favorite key

This little board packs in a lot of functionality. With swappable keycaps and nine programmable keys^[1], you can program and label custom shortcuts or automate difficult keystroke combinations to perform your day-to-day tasks in a fraction of the time. HP Accessory Center makes it easy to set and change commands on the fly.

Uncomplicated connectivity

For any workflow, connection is key. Whether at home, on the road, or in the office, quickly connect to your devices via Bluetooth® with Swift Pair support. The light at the top of the keypad lets you know you're paired up.

Portability meets productivity

Bring your workflow on the go. This spill-resistant, sanitizable^[2] keypad has a compact, commuter-friendly design and can work on both sides of your main keyboard. Add utility and comfort to your day with a customizable layout and blank key column that feature low-profile, concave keycaps for quiet and comfortable typing.

Featuring

Up to 24 months of battery life

One AA battery provides up to 24 months of productivity. No charging cable needed. ^[4]

Bluetooth® connectivity

Travel, commute, and connect with confidence. Wherever you're working, connect quickly via Bluetooth® with Swift Pair support.

Mechanical keys

Mechanical low-profile tactile switches feel great under your fingers and have a slim form factor.

Thirty keycap stickers

Create shortcuts through HP Accessory Center and use the thirty included stickers to mark them on the transparent keycaps. ^[1]

Swappable keycaps

With mechanical keys, you can swap out any keycap to highlight your style, mark your macros, or match your other keyboard.
