Liquid Carbon Build-Up Remover

K20

High alkaline decarbonizer for soaking aluminum or stainless steel pans and sheet trays.

#### Features & Benefits

- Quickly and easily removes baked-on/cooked-on soil from pans, trays and other metal cookware
- Soak treat aluminum and stainless steel pans and trays
- Highly concentrated formula is economical to use
- Solution can be reused for up to 14 cycles

#### Applications

- Safe for use on aluminum
- Do not use this product on copper, or brass

# Suma<sup>®</sup> Liquid Carbon Build-Up Remover

## Use instructions

### Directions for Use in Sink Compartments or Soak Tanks

- Start with a clean sink or soak tank and close the drain. Hook the Liquid Carbon Build-Up Remover support basket over the edge of the sink or soak tank. Do not use the product without the Liquid Carbon Build-Up Remover support basket.
- Place the Liquid Carbon Build-Up Remover product container in the basket with product discharge spout pointed into the sink or soak tank. With the water supply turned off, connect the water hose to the product container.
- Set the control knob on the RTD<sup>®</sup> dispenser to the High Flow position and fill the sink or soak tank to the proper level.
- Place precautionary placard on the sink or soak tank while in use.
- Submerge pans and trays (do not nest) in the sink or soak tank overnight (or for at least 12 hours). Some heavily soiled pans and trays may require a longer or second soaking.
- Remove pans and trays from solution. Scrub and rinse with potable water.
- Wash the pans and trays in three compartment sink or dishmachine prior to reuse.
- If using a sink, drain and clean the sink before reuse.
- If using a soak tank, empty and recharge soak tank with a new solution once a week. The solution is effective for fourteen (12-hour) soak cycles.
- Do not use this product on copper or brass

Technical data	Suma <sup>®</sup> Liquid Carbon Build-Up Remover
Certifications	Kosher, CFIA, NSF, Halal
Color/Form	Clear, colorless, liquid
pH	13.38 (Concentrate) 12.02 (Use Dilution 1:75)

Product	Pack size	Dilution	Product code	
Suma <sup>®</sup> Liquid Carbon Build-Up Remover	1 x 5 L / 1.32 gallon RTD <sup>®</sup> Unit	1:75	92900416	

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
