

MCP7Y00-N002-AO

Mellanox® MCP7Y00-N002 Compatible TAA 800GBase-CU OSFP112 to 2xOSFP112-RHS Direct Attach Cable (Passive Twinax, 2m, Infiniband)

Features

- OSFP Module Compliant to OSFP MSA
- Enable 800Gbps to 2x400Gbps Transmission
- Transmission Data Rate Up to PAM4 106.25Gbps Per Channel
- Operating Temperature Range: 0 to 70 Celsius
- RoHS Compliant and Lead-Free
- Built-In EEPROM Functions

Applications

- 800GBase Ethernet

Product Description

This is a Mellanox® Compatible 800GBase-CU OSFP to 2xOSFP112-RHS direct attach cable that operates over passive copper with a maximum reach of 2m. It has been programmed, uniquely serialized, and data-traffic and application tested to ensure it is 100% compliant and functional. We stand behind the quality of our products and proudly offer a limited lifetime warranty. This cable is TAA (Trade Agreements Act) compliant and is built to comply with MSA (Multi-Source Agreement) standards.

AddOn's transceivers are RoHS compliant and lead-free.

TAA refers to the Trade Agreements Act (19 U.S.C. & 2501-2581), which is intended to foster fair and open international trade. TAA requires that the U.S. Government may acquire only "U.S. – made or designated country end products."

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
