Congratulations

Thank you for purchasing this premium Rocstor product. For optimum performance and safety, please read these instructions carefully before connecting, operating or using this product. Keep this manual for future reference.

Introduction

Rocstor introduces the Type-C 2-in-1 Hub, featuring both a 2.5G Ethernet port and a Type-C PD charging port. This versatile solution offers an ideal way to expand the connectivity options of Type-C or Thunderbolt hosts, whether it's a PC, laptop, or mobile phone—perfect for devices with a solitary Type-C port. With cutting-edge IC technology, our hub delivers lightning-fast 2.5G Ethernet support, ensuring an efficient internet experience. Additionally, the Type-C female port supports PD 3.0 with up to 100W PD Charging, allowing for swift device charging. Compatible with Macbooks, Google's latest Chromebook Pixel, and various USB-C supported hosts, PCs, and computers, our hub promises seamless integration and superior performance for all your connectivity needs.

⚠ Safety Information:

WARNING:

Please follow these safety instructions. Failure to do so may result damages or injury. It is normal that the device becomes very warm during use.

Please note that:

Continuous contact with warm surfaces for extended time may cause discomfort or injury. In order to reduce the possibility of overheating or heat-related injuries, always allow needed ventilation around the device and use care when handling it. Avoid instances where your skin is in extended contact with the device when plugged into the host computer. It is not recommended to sleep with the device when plugged into a host computer. Avoid placing the device under a pillow, blanket, or your body when connected to a host computer. If you have a medical condition that affects your ability to detect heat against the body, extra care should be used. Never use the device in locations with water, such as a sink, bathtub, or shower stall. Never connect or disconnect the device with wet hands.
