# Get more on the core with LoCor® high-capacity towels and tissue.

by SOLARIS PAPER®

LoCor® Ultra towels are made with a Through-Air-Dried (TAD) sheet using an advanced blow-through air drying process that adds far greater sheet thickness and enhanced absorbency pockets leading to a superior towel performance. Simply put, our new LoCor® Ultra towels feel more cloth-like than ever and represent our highest quality products in our LoCor® towel line-up.

Together, LoCor® dispensers and the innovative reduced core design of LoCor® towel and tissue products reduce labor, lower costs and create a cleaner, safer restroom.

Pallet Dimensions (LxWxH)	49.7" x 41.4" x 104.9"
Pallets per Truckload	27
Cases per Truckload	1755

## Through-Air-Dried (TAD)

TAD technology is ideal for producing a high-end, highly absorbent towel that has twice the sheet bulk versus product made from traditional paper making methods. As always, our products are made with 100% virgin fiber which assures that they will be velvety soft AND strong when you need it most. Perfect for picking up spills, cleaning surfaces and drying hands.
