Supercharge Your Workday

Work confidently with tech that keeps you productive, whenever and wherever. This thoughtfully-designed wireless keyboard and mouse work as hard as you do with ultra-fast charging supercapacitor technology, seamless connectivity, and customization.

Ready When You Are
Ditch the battery and work worry-free with an ultra-fast rechargeable supercapacitor that provides up to 2 months (keyboard)/30 days (mouse) of usage from a 3-minute charge[1]. Or, recharge while working with the USB-C cable[2], and stay typing uninterrupted[3].

Switch Devices Seamlessly
Seamlessly and securely connect across multiple operating systems[4] and devices—two via Bluetooth and one via 2.4 GHz HP Unifying Dongle. You can also easily switch connected peripherals from one PC to another with the keyboard's multi-device key[5].

Personalized Productivity
Elevate your productivity with programmable buttons and keys[6] that reduce unnecessary keystrokes. Access Microsoft Copilot[7] with one key, and enjoy precise tracking and mouse movement on almost any surface[8].
