Meet the desert's rarest bloom – cactus-based leather substitute by Desserto. It's a plant-based alternative to animal leather that comes from nopal cactus that's organically grown and sustainably harvested without the need for irrigation. It doesn't just look good, it's also resilient to scratches and stains. Every aspect of this case is elevated, from the metal buttons and inner felt backing to the metal camera crown and razor-thin profile. And rounding out the refined design of your cactus-based leather iPhone 16 Pro Max case are powerful MagSafe magnets and proven drop protection.
