by **GLOBE**
COMMERCIAL PRODUCTS

COMPOSTABLES

Human activity releases huge volumes of plastics to the environment due to the lack of proper waste disposal and recycling.

Plastic parts never get degraded, but break down into smaller pieces floating in waterways and oceans.

Plastic disrupts marine life and moves up in the food chain which eventually ends up in the human body resulting in many health risks including digestive problems and various forms of cancers.

Globe Commercial Products initiates our Compostables programs to start reducing your carbon footprint.

MADE FROM 100% RENEWABLE RESOURCES.
OUR DISPOSABLES ARE FOOD SAFE,
NATURAL, NON-TOXIC AND BPA FREE

COMPOSTABLES BY GLOBE ARE A COLLECTION THAT
WON'T STAY IN LANDFILLS FOR YEARS, POLLUTE
OCEANS OR POSE A THREAT TO MARINE LIFE

Ideal for restaurant serving, food trucks, bakeries, party favors, coffee shops, hotels, offices, gatherings, take-out orders, picnics, events and other businesses.

Perfect for both cold and hot foods such as street tacos, hamburgers, sandwiches and includes hot/cold beverages too.

**SAY NO TO PLASTIC WITH OUR
ECO-FRIENDLY LINE**

SIMPLE AND SMART CHOICES FOR TODAY AND TOMORROW

BAGASSE 100% Compostable NATURAL Premium Plant Based

Our bagasse plates, bowls, cutlery, portion cups and containers are made of 100% sugarcane fiber (Bagasse), a hygienic, sustainable, and renewable material that is 100% biodegradable and composts within 35 days!

Bagasse material is strong enough to hold all kinds of food without bending or breaking and is built stronger than paper or cardboard food boxes.

These are the perfect size for take-out, delivery or leftovers in breakfast, lunch, dinner, and any other hot or cold fast foods, making it a great alternative to traditional paper or plastics.

Our products meet ASTM D6400 and/or D6868 for compostability, BPI certified and FDA approved for food contact. The containers feature dual tabs for secure closure and are made with strong quality hinged lids.

- Cut resistant, stackable, and engineered for heavy-duty use
- Eco-friendly soak-proof, leak-proof, and a sturdy alternative
- Hot or cold, fridge, freezer, microwave, and oven safe -40° F to 450° F (-4° C to 232° C)
- Responsibly replaces polystyrene, plastic, and tree-based paper take-out and delivery food containers

KRAFT 100% Compostable NATURAL Premium Plant Based

Our eco-friendly Kraft Paper Bowls offer a perfect solution for outdoor caterers, food outlets, and street vendors. Designed to present finger foods beautifully at parties and gatherings, they perform like plastic but degrade naturally, making them a sustainable alternative to traditional plastic or foam containers.

Kraft Paper Bowls

Item #	Size	PCS/BAG	BAG/CASE	CASE PACK
6716	16oz	50	6	300
6724	24oz	50	6	300
6732	32oz	50	6	300
6740	40oz	50	6	300

Crafted from 100% recycled paper, these bowls are not only eco-conscious but also durable. Their stackable design saves storage space, while the air-tight, leak-proof, and cut-resistant construction makes them ideal for serving a variety of dishes—from salads to soups and finger foods. Unlike traditional disposable containers, these bowls are made using a chlorine-free process and are built with thicker paper that won't warp under heat, making them suitable for both hot and cold foods.

A cost effective, ideal alternative to traditional plastic or foam containers that performs like plastic and degrades like a piece of fruit!

CUPS & LIDS 100% Compostable NATURAL Premium Plant Based

100% compostable cup promotes sustainable purchasing practices as an alternative to traditional paper, plastic & styrofoam paper cups.

Our cups are lined with PLA which is a renewable bio-resin made from corn.

As a liner, it resists leaking and is used instead of the typical petroleum-based cup lining.

These non-toxic, classic hot coffee cups are the best on the market making them ideal for serving coffee, tea, and other steamy beverages.

- Stackable design for space-saving storage/ easy dispensing
- Rolled rim provides tight, snug spill-free fit
- Bio-degradable disposable food services product
- Lids sold separately
- Also available in plain white
