

# Vectra® ProX

## Floor Finish

Vectra® ProX Floor Finish saves time while giving floors diamond-like brilliance, clarity and durability.

### Features & Benefits

- Provides diamond-like clarity and gloss
- Cures on the floor faster than traditional floor coatings, resulting in time and labor savings
- Resists dirt embedment, black heel marks, scratching and scuffing
- Versatile finish responds well to 175 - 1500 RPM and UHS equipment
- Reduced VOCs of 54.4% results in significantly decreased odors
- Solids content 19%. Product does not contain intentionally added PFAS
- Meets ASTM D-2047 slip resistance requirements

### Applications

- For use on resilient and most hard surface flooring
- A sealer may be required for highly polished stone surfaces, glazed ceramic tile, luxury vinyl tile, and some rubber floors
- Not intended for use on cork, wood, or bamboo flooring

### Use Instructions

- Blockade areas to be stripped or finished. Position wet-floor signs around area to be cleaned.
- Strip floor using recommended Diversey brand stripper according to label directions

### Coating

- Apply 2-3 uniform coats using a clean finish mop or the TrailBlazer™/MC Floor Finish Applicator System. Apply additional coats until desired gloss is obtained.
- Allow 30 minutes drying time between coats. Temperature, humidity and ventilation may affect drying time. Allow finish to cure for 24 hours before buffing.

### Maintenance

- Dust mop or sweep
- Clean the floor with a mop or an automatic scrubber using the recommended Diversey brand cleaner following label directions
- If desired, spray buff using recommended Diversey brand floor maintainer to enhance gloss

### Recoating

- Dust mop or sweep
- Deep scrub floor using Diversey cleaner according to label directions
- Blockade area and apply 1-2 uniform coats of finish using a clean finish mop or the Diversey TrailBlazer™/MC Floor Finish Applicator System. Allow finish to cure for 24 hours before buffing.

### Removal

- Remove using recommended Diversey brand stripper according to label directions

### Best Results

- Do not dilute
- Do not use on surfaces colder than 50°F (10°C) @ 15% RH
- To avoid contamination, do not return unused product to original container

**Note:** Floors will be slippery when wet or contaminated with foreign materials. Promptly clean-up spills and foreign materials. Meets ASTM D2047 requirements for slip resistance.

### Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
