

LOGITECH ROOM SOLUTIONS ORDERING GUIDE

Video Collaboration Solutions for Google Meet

Together, Logitech video collaboration solutions and Google Meet deliver a consistent, rich experience in every space.

For more help with choosing room solutions, check out our Room Configurator to get guided selections of Logitech solutions for various room types: www.logitech.com/business/room-configurator

Choosing the right solution

Selecting a room solution for Google Meet is easy. Logitech uses a mix of products and bundles to create ready-to-deploy solutions, making room deployments for Google Meet as simple as possible.

- 1. Android or ChromeOS:** Choose a way to deploy that best suits your organization and infrastructure.
- 2. Room size and type:** Choose a preconfigured solution with a video conferencing device that best suits the space and number of seats.
- 3. Center-of-room controls:** Use the touch controller to deliver one-touch join and easy controls.
- 4. Enhance the experience:** Pick from various accessories and services to optimize the user experience.

Room Solutions for Google Meet on Android

	ROOM SOLUTIONS	ORDERING THE SOLUTION

Accessories

Meeting rooms with unique requirements, like U-shaped conference tables or hybrid brainstorming, can leverage our mounts, extension mics, whiteboard cameras, and more. For **regional part numbers**, see the [Logitech website](#).

Sight

Give remote participants the best meeting room perspective. Compatible with Rally Bar and Rally Bar Mini, Logitech Sight automatically identifies and frames speakers for a better remote experience.

Tap Scheduler

Better navigate the workplace and manage meeting spaces with a purpose-built scheduling panel. Indicate availability from afar and display meeting details just outside the meeting room with Tap Scheduler.

Scribe

Effortlessly share whiteboards with virtual attendees with Scribe, an AI-powered whiteboard camera.

Swytch

For rooms using Google Meet on ChromeOS, add the ability to launch any video conferencing platform with Swytch. Launch the conferencing platform from a laptop, then connect Swytch to the USB-C or USB-A port and start the meeting.

Rally Mic Pod

Expand audio and provide convenient access to mute controls. Compatible with Rally Bar Mini, Rally Bar, and the Rally System.

Rally Mic Pod Mount

Hide cables and anchor mics on the table or above the ceiling for a clean, finished look.

Rally Mic Pod Hub

Support custom mic placement for larger tables with three connections for Rally Mic Pods. Included with large room configurations.

Rally Mic Pod CAT Coupler

Extend the length of Rally Mic Pod cables by connecting Rally Mic Pod CAT Coupler to a standard CAT cable.

Rally Mic Pod Extension Cable

Add 10 meters of additional reach to the cabling of Rally Mic Pod or Rally Mic Pod Hub for larger spaces.

Table, Riser, and Wall Mount for Tap

Secure the Logitech Tap touch controller flat to the table, raise the viewing angle for better visibility, or conserve table space in smaller rooms.

TV Mount for Video Bars

Mount Rally Bar, Rally Bar Mini, or Rally Camera above or below displays with VESA mounting points.

TV Mount for MeetUp and MeetUp 2

Mount MeetUp or MeetUp 2 above or below displays with VESA mounting points. Available in standard and XL sizes for displays up to 55 or 90 inches.

Wall Mount for Video Bars

Mount Rally Bar Mini or Rally Bar on the wall for a minimal footprint.

Software & Services

Enhance performance and remove barriers to collaboration with Logitech software and services. Use management tools from Google and Logitech seamlessly to control licenses, manage devices, and configure functionality.

Sync

Help your customers maximize performance and minimize disruptions with Logitech Sync, a remote management platform for devices and spaces. Sync works alongside Google Admin console.

- Configure and updates devices
- Diagnose at a distance
- Automate with alerts

CollabOS

CollabOS is the unifying operating system running on Logitech video conferencing devices like Rally Bar, Rally Bar Mini, Rally Bar Huddle, Tap IP, and Tap Scheduler. It enables meeting room solutions to operate seamlessly with Google Meet, providing a consistent and cohesive experience for meeting organizers and attendees.

Logitech Services

From Basic support and management capabilities to proactive management and advanced software with Essential, to comprehensive support and advanced product replacements with Select, we offer a variety of services to best suit your expertise and deployments.
