

36" G-STAT Cut-End Dust Mop - Keyhole Backing - Blue

The Cut End G-STAT dust mop is made with special long wearing yarn. It better attract dust and dirt particles than regular dust mops on the market.

The G-STAT Cut End Dust Mop is made with a heavy polyester yarn that is exceptionally long-wearing. It will withstand heavy use and repeated laundering with no fraying, tangling, unravelling, or linting. The resistant polyester backing, complete with extra stitching, provides added reinforcement for a longer lifespan. The key-hole backing works with a 5" [Clipper dust mop frame](#) or a [Snapper dust mop frame](#).
