Connect 3.5mm Audio Accessories to Lightning Devices

It's music to Apple device user's ears. Connect Apple Lightning devices such as iPhones and iPads to the ALOGIC Elements PRO Lightning to 3.5 Audio Adapter's Lightning input, and plug into 3.5mm audio jack-enabled audio devices such as car stereos and home sound systems. Enjoy your favourite podcasts, audiobooks, and digital albums how you want to, when you want to, and where you want to.

Active Chipset

The Elements Pro's inbuilt active chipset retains higher audio file fidelity on your Apple Lightning devices, so you can enjoy more immersive audio experiences.

Made Durable for Everyday Use

The Elements Pro features braided sleeving and robust housing for ultra-resilience in the face of constant strains and pressures inevitable with cable handling, so you can connect with confidence.
