GENERAL PURPOSE HANDHELD

Voyager™ XP Curve 1400g

The Voyager™ XP 1400g scanner offers reliable performance, durability, and versatility, making it ideal for retail and pharmacy environments.

Overview

Feedback

Designed for in-store retail and pharmacy environments requiring a highly accurate 2D scanning solution in a durable form factor, the Voyager™ Extreme Performance (XP) **1400g** scanner delivers reliable scanning capability on traditional barcodes and digital screens – even on damaged and difficult-to-read codes.

The Voyager XP **1400g** delivers precise decoding performance, even with poor and damaged barcodes, making it an ideal choice for workflows that involve 1D and 2D barcode reading and require a robust and reliable solution. The scanner's extended scan distance enables intuitive barcode reading for typical workflows.

With various POS system compatibility and support for up to 84 international keyboards, Voyager XP **1400g** is easy to deploy to global retail environments.

Engineered to 30 drops at 1.8 m (6 ft) and 1,000 tumbles at 0.5 m (1.6 ft), the Voyager XP **1400g** scanner is built to work with low cost of repair or downtime.

The Voyager XP **1400g** is entirely compatible with existing **1400g** accessories, reducing total cost of ownership. It's sleek and flexible design allows for a seamless transition between handheld trigger mode and presentation mode, increasing throughput.
