

# Joya™ Touch 22

**The ultimate  
Self-Shopping  
companion**

# FOCUS ON JOYA TOUCH 22

**Joya Touch 22** is the ultimate Self-Shopping companion, granting the best customer experience. A reliable and powerful device packed with unique features. Enhance your customer loyalty and brand awareness with a tailored touch.

The Joya Touch 22 platform offers industry-leading performance. It is designed to deliver the best-in-class shopping experience through guaranteed interoperability with the most innovative software applications from market-leading ISVs.

The Joya Touch 22 is the best choice to accelerate your ROI. Our unique Wireless Charging technology is an industry-first in the self-shopping market, eliminating 100% of downtime due to charging contact failures.

Datalogic recognizes the expertise and unique value that Independent Software Vendors (ISVs) add to our solutions offering in retail, manufacturing and transportation & logistics. ISV solutions embedded in Datalogic mobile computers help solve many of our customers business problems along the value supply chain.

Datalogic software partners provide enhanced applications supporting the Joya Touch 22 device. They offer a range of functions, including self-shopping scanning features, location-based enhanced promotions or offers, recipes, shopping list, payments, and product way finders, ensuring a frictionless shopping experience

## UNIQUE WIRELESS CHARGING TECHNOLOGY IN THE SELF-SHOPPING MARKET

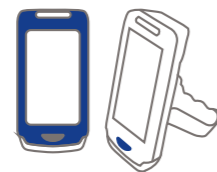

The Wireless Charging technology eliminates the 100% of downtime caused by damaged pins, accelerating your ROI and decreasing TCO.

## “GREEN SPOT” AND “SOFTSPOT” TECHNOLOGY

Visual good-read feedback and SoftSpot technology ensures innovative triggering through the touch display with an ergonomic data capture experience.

## MULTIPLE DEVICES IN ONE

Joya Touch 22 is available in standard or personalized colors. It has 2 form factors: pistol grip and handheld. A tailored solution with a customer centric approach.

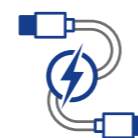

## IN STORE NAVIGATION

Quuppa Intelligent Locating System™ allows precise indoor positioning and allows shoppers to navigate the store in real time.

## EMPOWERED PLATFORM

A powerful Octa-Core Qualcomm platform and double-sized memory configuration. Up to 3.5 times faster than the previous generation.

## SUPER CONNECTIVITY WI-FI

2x2 Multi-user, multiple-input, multiple output [MU-MIMO] technology. Up to 4 times faster than the previous generation.
