## NEW PRODUCT ANNOUNCEMENT

### ***PowerScan™ 9600 DPX Series***

**Unleashing Unsurpassed DPM Traceability**

**PLAY VIDEO**

## EXTRAORDINARY DPM TRACEABILITY

Introducing the PowerScan 9600 DPX, groundbreaking solution for extraordinary DPM traceability. The "X" in DPX symbolizes exceptional performance, particularly in reading Direct Part Marking (DPM) and label based codes. Tailored for diverse industries like Automotive, Aerospace, Electronics, Tires, and Healthcare, this device excels in medical device tracking and surgical inventory management.

## VERSATILITY YOU CAN TRUST

Boasting versatility, the DPX effortlessly reads codes on various surfaces and supports different DPM technologies such as laser, dot peen, inkjet printing, and electrochemical etching. Its rugged IP6X design ensures uninterrupted operations in harsh conditions, while embedded and modular fieldbus support enhances adaptability for future-proof asset management.

## INNOVATIVE AND FUTURE PROOF

Incorporating liquid lens technology and a 4D learning system for on-the-fly optimization, the DPX guarantees ultimate performance. Its innovative features include the Wireless Charging System, utilizing inductive charging technology for damage-free charging receptacles. Discover how to reduce your TCO with the Datalogic's wireless charging system. The plug-and-play architecture facilitates easy configuration for different interfaces, ensuring adaptability to changing communication setups.

## UNLOCK EXCEPTIONAL TRACEABILITY

Unlock unmatched efficiency and traceability with the PowerScan 9600 DPX series. Revolutionize your traceability workflows and elevate operational efficiency with this cutting-edge solution
