

# NEUTRAL FLOOR CLEANER

## Liquid Cleaning Chemical Pacs

100% Dissolvable

**Dissolving cleaning pacs go easy on your budget AND the planet.**

A concentrated deodorizing floor cleaner specially formulated to be used as part of a daily maintenance program for high-gloss floors. Thoroughly cleans dirt without dulling, hazing or marring the original finish. No rinsing is required.

**Directions:** Always add ChemPac to tank or mop bucket first then add water.

**Daily Cleaning:** Use 1 ChemPac per mop bucket or small tank, 2 ChemPacs for large tanks.

Drop ChemPac into mop bucket or tank then add warm or hot water. Agitating the ChemPac with the water stream will improve mixing. Wait one minute. Apply solution to surface with mop or scrubbing machine. Pickup dirty solution with a squeegee and pickup pan, vacuum or mop. Rinsing is not necessary.

Add an extra Pac for heavy soil.
