A. HPE Networking Hardware Modernization Promotion – Program Structure

Within the framework of the (‘**Program**’) the purchase of new HPE products in combination with the return of customer owned complete and unaltered old network devices(defined as ‘**Trade-In**’) is rewarded with a rebate (‘**Trade-In Rebate**’) under the conditions set forth with the following Program terms and conditions (‘**Program Terms**’).

Unless requested to accept these Program Terms online or otherwise, Participants acknowledge and agree that participation in the Program constitutes acceptance of these Program Terms.

B. Promoter (referred to herein as 'HPE')

Hewlett-Packard International Sarl
Route du Nant-d'Avril 150
CH-1217 Meyrin/Geneva
Switzerland

C. Paying Entity

Hewlett-Packard International Sarl
Route du Nant d'Avril 150 (1st Floor)
CH-1217 Meyrin/Geneva
Switzerland

D. HPE authorized Service Provider

TechProtect GmbH
Max-Eyth-Straße 35
D-71088 Holzgerlingen
Germany

E. Eligible Participants

Only HPE, HPE Resellers or End-Customers are allowed to initiate registrations for this Program as described in section I (hereafter referred to as ‘**Actor**’). End-Customers who are not working with an authorized partner at the time of registration may contact their HPE Sales representative for assistance with participation, including partner identification, where required.

The HPE Reseller must meet the following prerequisites:

i. Have a valid HPE Partner Agreement, including the eligible HPE Products in the Product Exhibits and the Solution Provider Authorization Addendum (as applicable), and
ii. Comply with the HPE selective distribution criteria applicable to HPE Authorized Partners and posted on the HPE Partner Portal.

The original owner and user of HPE Products and returned Trade-In Products is hereafter referred to as ‘**End-Customer**’.

The Actor determines the beneficiary of the Trade-In Rebate, either the End-Customer or the HPE Reseller. If the latter a signed transfer of ownership document (‘**Transfer of Ownership**’), referred to as ‘**Participant**’, must be submitted.

In case the HPE Reseller is the Participant:

- The Transfer of Ownership is a mandatory agreement between the End-Customer and the HPE Reseller in order to participate in this Program.
- The HPE Reseller is responsible for granting a purchasing discount to the End-Customer which results in an equivalent amount.

F. Eligible Products

This Program applies indistinctly to purchases of eligible HPE Products made directly with HPE or indirectly with HPE Authorized Partners.

The eligible new products sold to the End-Customer are referred to in the following as '**HPE Products**'.

The used third-party hardware products that are returned to HPE are referred to as '**Trade-In Products**'.

Trade-In Products must be genuine HPE Networking products.

Please see the full list of eligible HPE Products and Trade-In Products on the Program website.

A Trade-In is only valid if the Trade-In Products returned by the End-Customer are directly and verifiably connected to the purchase of new HPE Products.

G. Program Territory

The Program is valid in Türkiye. A list of all participating countries can be found in Appendix B.

Active sales of the HPE Products must be made to HPE End-Customers located only in the Territory as per the HPE Partner Agreement.

The Trade-In Products that are returned must be located in the country of the Participant.

Applications for collection of Trade-In Products from offshore locations cannot be accepted.

H. Program Rules & Requirements

In order to be eligible to receive a Trade-In Rebate, Participants must follow the Program rules as defined in this section in alignment with the Program Terms.

Trade-In eligibility requirements, including any product category or quantity requirements, are defined on the Program website and may vary by product portfolio. If a Trade-In Product, other than that stated in the request, has been returned to the clearing center, HPE is entitled to charge the Participant the incurred costs for the return.

Participant can return one Trade-In Product per new purchased HPE Product. Each Claim may include up to one hundred fifty (150) Trade-In Products. Additional Trade-In Products may be submitted under a separate Claim. HPE does not accept the return of more Trade-In Products that are registered.

The Trade-In Product(s) must match the details provided in the Registration and Claim. If they do not match, HPE reserves the right not to pay any Trade-In Rebate or to debit the difference of the Trade-In Rebate between the stated and actually received Trade-In Product when the Trade-In Rebate of the incorrect Trade-In Product is less.

The Participant represents and warrants they are the original End-Customer of the Trade-In Product and holds full and clear title to such Trade-In Product at the time of submission and transfer under this Program. Participation in the Program is not valid if the HPE Products are not owned by the End-Customer (for example, if such products are leased or subject to third-party ownership), unless otherwise specified in these Program Terms. Participants represent and warrant that all information provided in connection with this Program (including product details, ownership information, and Claim submissions) is true, accurate, complete, and not misleading. Participants agree to cooperate with HPE and its designated service providers in verifying eligibility and administering the Program, including providing reasonable supporting documentation upon request.

HPE, at its sole discretion, reserves the rights to reject a Registration or Claim for a Trade-In, or alternatively offer a different value for the Trade-In Products based on the review of the total transaction.

Return Requirements

Trade In Products must be complete and intact at the time of return and must not be materially altered, tampered with, or missing key components.

“Complete and intact” means the Trade In Product has not been stripped of parts or materially modified in a way that prevents identification or eligibility verification.

Packaging instructions available under the following link must be followed: Packaging instructions.

Any Trade-In Products the Participant seeks to return to HPE:

1. Shall not infringe on third-party intellectual property rights (including copyright, trademarks, patent, trade secrets or other proprietary rights) and
2. Shall not be counterfeit, stolen, or fraudulent. Notwithstanding any limitations, Participant shall fully indemnify HPE if are in breach of aforementioned obligations.

The Trade-In Products or the sale and shipment of said Trade-In Products must not violate any applicable laws, statutes, ordinances or regulations, including export laws. The Participant is responsible for complying with any and all such laws.

The Participant will be solely responsible for removing all sensitive data before returning products to HPE, and HPE shall not be responsible for maintaining the confidentiality or privacy of any sensitive data that remains on such component.

Trade-In Products returned to HPE must not be contaminated with biological, chemical or radioactive materials.

The packaging label provided with the Claim confirmation must be attached to the outside of the box and should remain easily accessible even when stacked on a pallet. It is recommended to secure the label with transparent shipping tape to keep from being ripped off the box.

The ownership of the Trade-In Products will be finally and effectively transferred to HPE upon handover of the product to the designated HPE test and clearing center. Upon acceptance of a Trade In Product into the Program and transfer of ownership to HPE, such Trade In Product is deemed permanently retired and recycled and will no longer be eligible for future warranty claims or support. After receipt in HPE's test and clearing center, no Trade-In Products (including accessories) can be returned to the Participant. These Trade-In Products remain the property of HPE.

Collections are carried out for full lots of Trade-In Products. If Trade-In Products are to collect at different locations, or there are multiple collections at different dates, the Participant must submit a separate Registration for each collection location. In such cases, please contact trade-in@tpps.mail.hpe.com for proceeding with multiple collection locations.

On the date of collection, HPE will dispatch a carrier to the address the Participant advised in the Claim. If it is not possible for said carrier to come on the confirmed date, the carrier will contact the Participant to agree on a new date.

The charges for the collection are carried by HPE.

If the Participant does not adhere to the packaging instructions, or if the Trade-In Product is not provided at the agreed date and time and if the carrier has to carry out a new collection through fault of the Participant, HPE reserves the right to deduct a sum appropriate to the costs incurred.

The period between the approval of the Trade-In Claim and the readiness for collection of the Trade-In Products must not exceed 365 calendar days.

I. Participation Process

Information and relevant documents about the participation process can be obtained from the Program web site www.hpe.com/promos/NetworkingModernizationPromotion.

The participation in the Program consists of the following steps:

1. The first step is the ‘**Registration**’ in the Program, to be completed by the Actor.

i. HPE must receive the model number and the Serial Number (SN) of the Trade-In Product(s) during this step.
ii. After the submission by the Actor, the Registration is reviewed by HPE and subject to HPE's approval.
iii. Both Actor and Participant receive a confirmation mail of the Registration and approval together with a reference number and the next steps.
iv. If the Registration is approved, the End-Customer proceeds with the purchase of new HPE Products. Upon the delivery of the HPE Products, the Participant may proceed with the second step.

2. The second step is the finalization of the Trade-In 'Claim', to be completed by the Participant.
   i. An HPE Networking product may only be traded in one time.
   ii. If applicable, the signing of the Transfer of Ownership between the End-User Customer and the HPE Reseller/Master Area Partner is required.
   iii. After the submission by the Participant, the Claim is reviewed by HPE and subject to HPE's approval.
   iv. The Participant receives a confirmation mail of the Claim and approval together with a reference number.
   v. HPE will initiate the pickup of the Trade-In Products from the Participant.
   vi. All Trade-In Products accepted under this Program will be collected through HPE-designated logistics channels and processed through HPE's recycling or asset recovery programs. Alternative disposition methods may be permitted by HPE on an exception basis only.
   vii. The Trade-In Products will be checked in the HPE test and clearing center.
   viii. Inspection for Eligibility Verification Only. Trade-In Products may be inspected by or on behalf of HPE solely to verify eligibility under this Program, including confirmation of product identity, serial number ("SN") accuracy, ownership representations, and consistency with the information submitted. HPE has the right to reject a claim if the SN of the Trade-In Product returned does not match the SN provided during registration.

   Such inspection is administrative and anti-fraud in nature only and will not be used to evaluate product performance, operational condition, failure cause, or eligibility for warranty service or replacement.

   No eligibility criteria shall be applied through inspection that are stricter than those applicable under HPE's product warranty terms.
   ix. After the acceptance of the Trade-In Products by HPE, the Trade-In Rebatefund will be released to the Participant. HPE may deny or recover any Trade-In Rebate where Trade-In Products are not returned in accordance with these Program Terms, to the extent permitted by applicable law.

The Claim must be submitted within 30 days after the HPE Products have been sold to the End-Customer.

The date of the first invoice from the HPE Reseller to the End-Customer shall be considered as the date of sale.

The invoice required as proof of purchase must at least contain the following information in order to be accepted:

- Name and address of the End-Customer
- Address of the HPE Reseller, in accordance with the letterhead
- Model and serial number of the HPE Product

HPE reserves the right to request further evidence of purchase and/or ownership (e.g. photo of the serial number label, barcodes,...) from the HPE Reseller and End-Customer in addition to the requested documents in the participation process.

Participants who do not provide HPE with all mandatory information during Registration will be notified via email and offered the opportunity to provide the missing items within 7 calendar days.

If the Participant still fails to provide the missing information or otherwise comply with the Program Terms, the Registration will be cancelled.

For questions regarding the Program or the status of your Claim, please email: trade-in@tpps.mail.hpe.com.

J. Trade-In Rebate Payment

The calculation of Trade-In Rebate is based on the Trade-in Product.

The Trade-In Rebate, as indicated by HPE during the Registration, only applies for Trade-in Products that are returned complete and intact, and not materially altered, tampered with, or missing key components, consistent with the Return Requirements in these Program Terms and with all accessories belonging to it

The Trade-In Rebate is paid by the HPE authorized Service Provider, as defined in section D to the Participant. The payment will be made by electronic bank transfer within 45 days after acceptance of the Trade-In Product in the HPE test and clearing center.

Payment can only be made to a bank account within the country where the Participant registered for the Program.

K. Trade-In Rebate Payment and Invoicing

This Program requires the acceptance of a self-billing invoice by the Participant. This invoice is sent to the Participant attached to an e-mail after the completion of the Participation Process. To ensure consistent and valid invoicing, HPE will creates a proposed self billing invoice on behalf of the Participant and sends it to the Participant for acceptance. Once the proposed self billing invoice is accepted by the Participant, HPE will then make the respective payment and issue a final corresponding invoice under these Terms and Conditions.

A failure to send a valid acceptance of the proposed self billing invoice will result in the claim being rejected and invalidates the participation in the Program.

The Trade-In Rebate is calculated in accordance with the Program Terms are exclusive of VAT.

HPE will apply local mandatory VAT when processing the payments where applicable.

Autonomous regions with distinct local tax requirements that differ from those of the central governing jurisdiction are either excluded from participation in this Program or will be processed according to the tax regulations of the central governing jurisdiction.

It is at the Participant's responsibility to know the legal provisions which apply in the country where the program is deployed. It is entirely at the participant’s responsibility to ensure compliance with applicable tax obligation(s). This includes specifically meeting the invoice formalities prescribed by the national law as well as submitting any tax declarations, statements, e-invoicing and real-time reporting which may be required by the national law, and generally any tax reports of any type.

HPE keeps the right to reject any documents which do not comply with the legislation in force in the applicable country.

L. Additional Terms

Participants agree that they are authorized to enter into this Program and their participation in the Program constitutes acceptance of these Program Terms.

HPE Products are subject to the applicable HPE warranty terms available at the product warranty webpage.

HPE reserves the right to disqualify incomplete, altered or illegible claims in its sole discretion.

Participants submitting fraudulent claims will be excluded from the Program.

HPE, its affiliates, subsidiaries, parent corporations, and its officers, directors, shareholders, employees, and agents and any and all internet servers and access provider(s) are not responsible for: any incorrect or inaccurate entry information; human error; technical malfunctions or defects of computer systems or websites utilized in the Program, theft, tampering, destruction, or unauthorized access to, or alteration of entries; data processing that is processed late or incorrectly or is incomplete or lost; and any entries that are late, lost, incomplete, misdirected, stolen, mutilated or illegible.

Participants submitting false, fraudulent, or misleading information in connection with the Program may result in adverse actions, including, but not limited to, in disqualification from this Program, future HPE Programs, and civil or criminal liability to the submitter. HPE reserves the right to take legal action.

HPE reserves the right to audit information the supporting documentation provided in the participation process for all Registrations and Claims made under this Program.

For the purposes of this Program, HPE cannot guarantee the performance of any third party and to the extent permitted by applicable law shall not be liable for any act or default by a third party.

In the event of incorrect payments made by HPE, the Participant shall repay any such incorrect payment not later than 28 days after receipt of written notice from HPE. The Participant agrees that HPE shall not be responsible or otherwise liable for any liability, losses, claims, damages or tax liabilities that might arise in such circumstances.

HPE is not responsible or liable for any technical, hardware, software, server, website, or other failures or damage of any kind to the extent that this prevents or otherwise restricts the Participant from participating in the Program.

HPE shall not be liable for any loss, damage, cost, expense or other liability suffered or incurred by Participants arising out of or in connection with their participation in this Program. However, nothing in these terms shall exclude or restrict HPE’s liability for death or personal injury of Participants caused by HPE’s negligence or any liability which may not be excluded or limited by applicable law.

HPE reserves the right to review, modify, extend or discontinue any and/or all aspects of the Program without prior notice.

Any such changes will be effective upon posting (or other notice, as required by applicable law) and will not apply retroactively to Claims submitted prior to the effective date of such changes. The Program may be extended by HPE at its sole discretion.

The Trade-In Rebate payment will be made subject to HPE’s satisfaction that the Participant has fully complied with these Program Terms and any additional communication related to this Program.

The decision of HPE in respect of any and all aspects of this Program will be final and binding.

This Program is subject to the laws of the Promoter’s country. In case of dispute, the courts of this country will have jurisdiction.

If an HPE Product is returned (thus revoking the sales contract), no claim may be made for Trade-In Rebate payment. In case the Trade-In Rebate payment has already been paid, it must be repaid to HPE in full.

Appendix A: Eligible HPE Products

Below products are eligible for participation in this program. The current TIV/rebate values can be found on the program website.
