RAM® Powered Docks for Zebra TC501 & TC701

FEATURES & BENEFITS

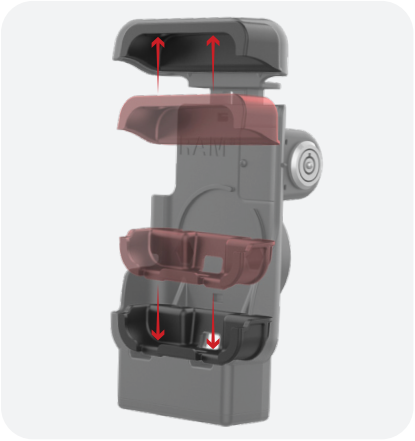

Pogo Pin Charging

Version of the RAM® powered dock that protects the charge port and enhances the ruggedness by utilizing the device's pogo pad docking contacts with integrated pogo pin connectors.

USB-C Connectivity

Version of the RAM® powered dock with an integrated USB-C male connector for charging and data transfer, supporting capabilities such as *Workstation Connect*. The design allows operators to dock devices quickly and confidently, minimizing fumbling and reducing the risk of USB-C connector damage.

Removable Inserts

Each SKU includes custom inserts clearly indicating which device—TC501 or TC701—fits, ensuring proper installation and secure fitment.

Wireless Charger Compatible

When TC501/TC701 Wireless Charging Battery is installed, you can add a RAM® Wireless Charger that integrates directly on to the dock body for seamless add-on wireless charging capabilities.

RAM® Powered Docks for Zebra TC501 & TC701
