Grow Your ISV Business with Datalogic Mobile Computing

Mobile Computing: Leveraging the Datalogic Edge

Datalogic is the leading provider of data capture products and solutions. For more than 50 years, we have served customers globally with meaningful innovations and quality-driven products, gaining the trust of many Fortune 500 companies.
With a growing portfolio of mobile computing devices, we are committed to empower our customers with the most secure and ubiquitous mobile connected intelligence and enable them to collect, process, and analyze data on the go.

Collaboration and partnership are key to our success: our decades of experience and knowledge combined with those of our valued ISV partners, help secure and nurture close relationships with many of today's retail world titans. We live in a world where mobile technology is advancing at an incredible pace, and here at Datalogic, we are constantly pushing boundaries to create innovation, experiences, and solutions that bring real value. We would welcome you to join us as a partner in this incredible journey.

Our Aim

Deliver the most secure and ubiquitous mobile connected intelligence to help our customers to capture, process and analyze data on the go.

Why Datalogic?

The only European brand in the industry capable of providing a complete mobile offering of hardware, software and services. Our relentless focus on quality, security, innovation and sustainability have gained the trust of many Fortune 500 companies.

Our distinguishing factors

Datalogic Shield™ is a software service that delivers Android security support for Datalogic mobile computers

BUILT TO LAST

SECURITY

# Datalogic Mobile Computing: a complete offering

MOBILE COMPUTERS AND ACCESSORIES

Our industrial-grade, purpose-built mobile computers include pocket-sized to full-alpha-keyboard handheld devices, industrial PDAs, pistol-grip terminals, and Vehicle Mount Computers. All feature our best barcoding scan engine solutions and the most reliable platforms to power your latest applications. Our unique features like wireless charging, state-of-the-art scan engines, the latest Android OS, the power of AI, and Ease of Care support are just the icing on the cake.

Product Portfolio

These pages showcase every possible device type to empower the most advanced retail applications of today. Every data capture requirement in retail, manufacturing, transport & logistics, and healthcare is made possible thanks to the comprehensive range of mobile computers, handheld & wearable scanners, and self-shopping products from Datalogic. By combining our best hardware with your innovative software applications, we will continue to help customers in any industry to perform at their best.

MOBILE COMPUTERS - PDA
Memor 3X

Why Memor 3X?

- *Top data capture performance: 2 brand new scan engines with a range up to 10mt*
- *Streamlined future-proof computing & connectivity: Qualcomm 2.4 GHZ Octa core platform, 5G and WIFI 6E*
- *Easy of use & versatile solution: 6'' display, 12h swappable battery*
- *Proven reliability & TCO: IP68 dust and water protection*

NEW

Memor 3X
Datalogic unique features

- **180° NFC contactless payment**
- **Green spot technology**
- **Wireless charging**

MOBILE COMPUTERS - PDA
Memor 11

Why Memor 11?

- *Green Spot technology that allows a high accuracy rate while keeping noise to a minimum*
- *Easy to handle thanks to the single-hand grip and the pocketable design*
- *Full communication coverage for indoor and outdoor*
- *Mobile payment ready*
- *The ultimate cost-effective solution for customers seeking flexibilty and convenience in their daily operations*

Memor 11
Datalogic unique features

- **Wireless charging**
- **Swappable long lasting battery**
- **"Android Enterprise Recommended" for rugged devices**

WEARABLE SCANNER
CODiScan

Why CODiScan?

- *Streamline accuracy and productivity working hands-free with a 180° high visible LEDs feedback, a smart aimer and a good read green spot on label*
- *Improved user comfort thanks to a compact lightweight design, multiple mounting options and the adjustable handtrigger*
- *Easy to use: continuous 2 working shift operations with a single charge, easy bluetooth pairing to host*

CODiScan
Datalogic unique features

- **16 hrs operations with a single charge**
- **Adjustable and modular handtrigger**
- **Light weight and small footprint**

RETAIL

- **Inventory; Mark-downs**
- **Shelf replenishment**
- **Price verification**
- **Assisted sales**
- **Self-shopping; Queue-busting**
- **mPOS (mobile POS)**
- **Picking; Put away**
- **Shipping & Receiving**
- **Cross docking**

MANUFACTURING

- **Quality control**
- **Inventory**
- **Warehousing**
- **Asset tracking**

SELF-SHOPPING
Joya Touch 22

Why Joya Touch 22?

- *Boost Recharge feature ensures quick recharging, optimizing the number of devices needed per store, helping your ROI.*
- *Largest 4.3-inch color optimized display, ideal for in-store lighting conditions, improving readability during operations*
- *Already certified by several leading Self-Scanning software vendors and chosen by many big retailers as the go to device*

Joya Touch 22 Datalogic unique features

- **Green spot technology**
