

USB 3.0 Front Panel With 5.25" HDD/SSD Bracket

Model: HDA-502H

USB 3.0 Front Panel with 5.25" HDD/SSD Bracket

The USB 3.0 Front Panel with 5.25" HDD/SSD Bracket is a well design bracket. It is compact and takes up only one 5.25" half height drive bay to accommodate one 2.5" HDD/SSD or one 3.5" HDD or one 3.5" internal device or card reader. The bracket comes with 2 USB 3.0 front ports for easy connection to your USB 3.0 devices. The installation is straight-forward, which makes for the hassle-free transition to your HDD/SSD.

- Adapts 5.25" internal drive bay for use of any 3.5" or 2.5" HDD/SSD/internal device
- Includes 2 USB 3.0 front ports and 80 cm (USB cable tip to tip) shielded USB 3.0 cable with 20pin connector

- Pop out front panel for easy installation of other peripherals
- Fits all 5.25" drive bays on any standard PC's front panel
- Perfect for System Integrators and IT Professionals
- Hot Swappable, Plug and Play, no driver, no external power needed
- Compatible with Vantec's 3.5" devices
