

N6 Fan Installation Guide/安装风扇

Step 1

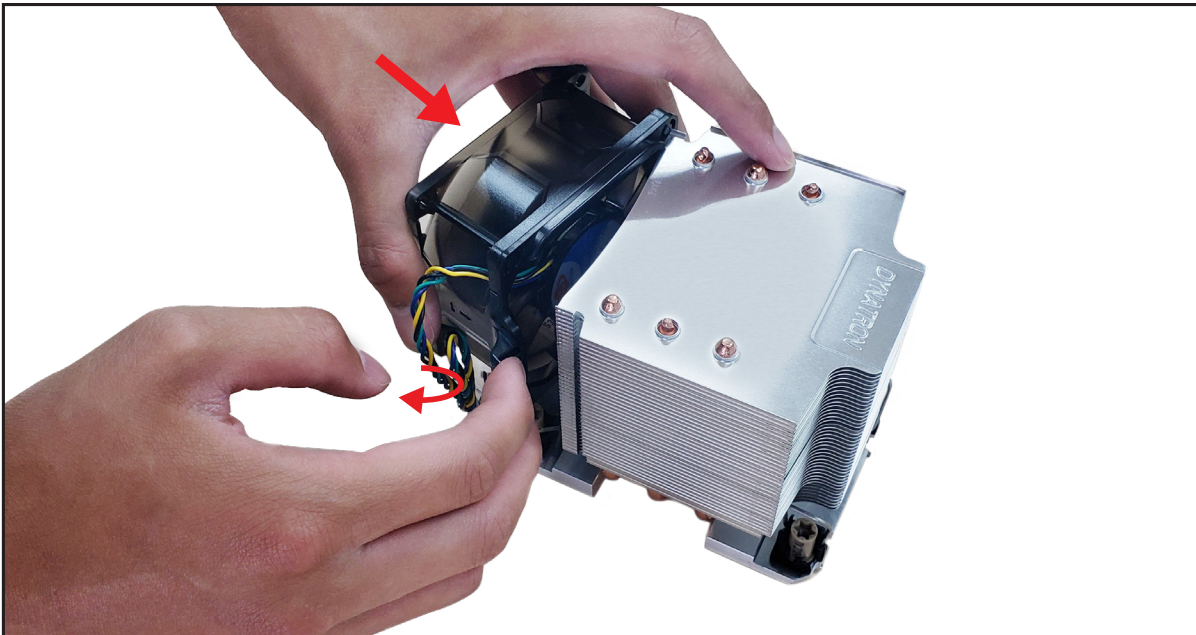

Rest the top of fan bracket on top of the upper most fin on the heat sink at an angle.
以略倾斜的角度将风扇框停靠在散热器的顶面

Step 2

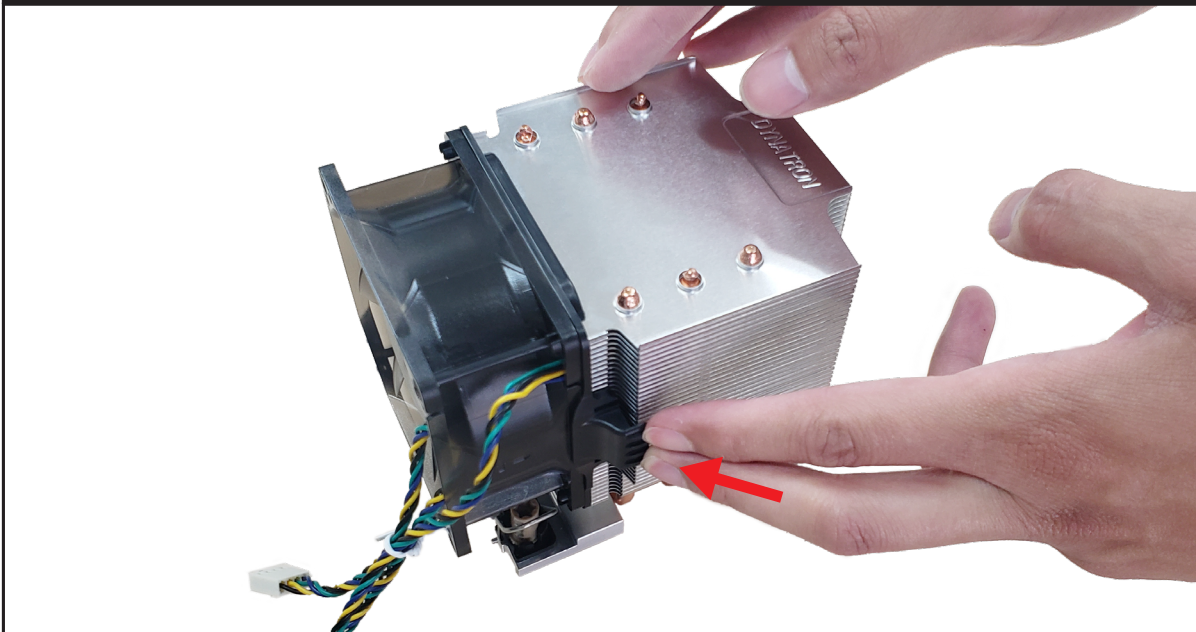

Push down the hook on the edge to secure the connection.
下压无把手面将风扇框扣上散热器

N6 Fan Installation Guide/安装风扇

Step 3

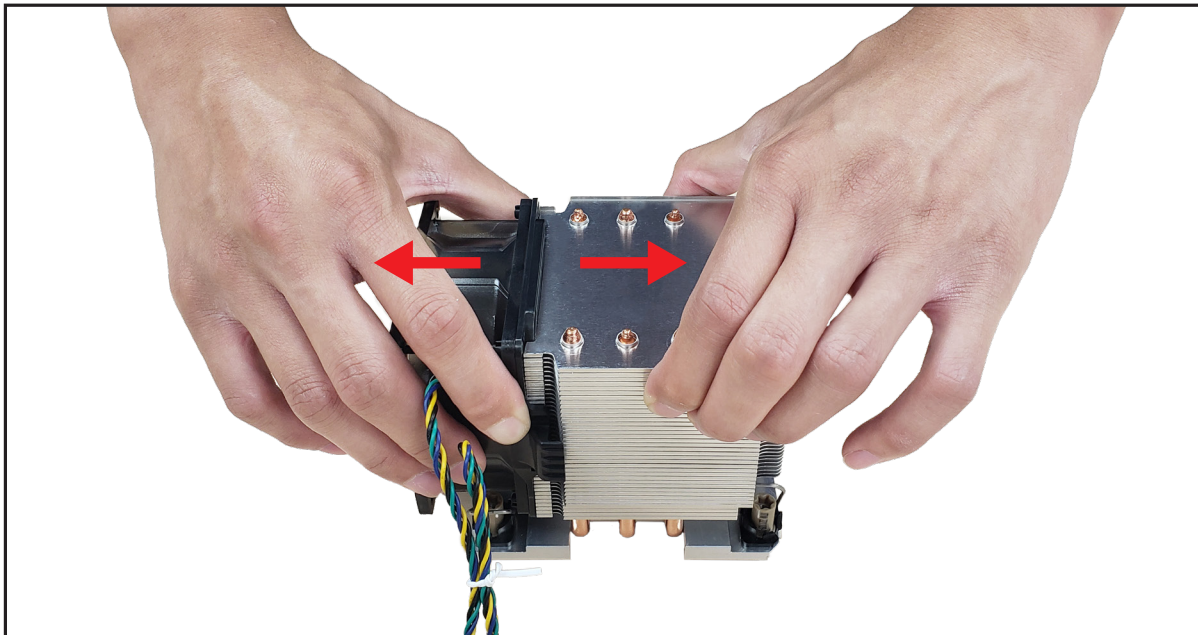

Lift the handle on the other edge and push the fan in place.
抬起把手，将风扇推内面推至散热器上

Step 4

Push in the handle to secure connection.
下压把手，扣紧风扇框

N6 Fan Installation Guide/安装风扇

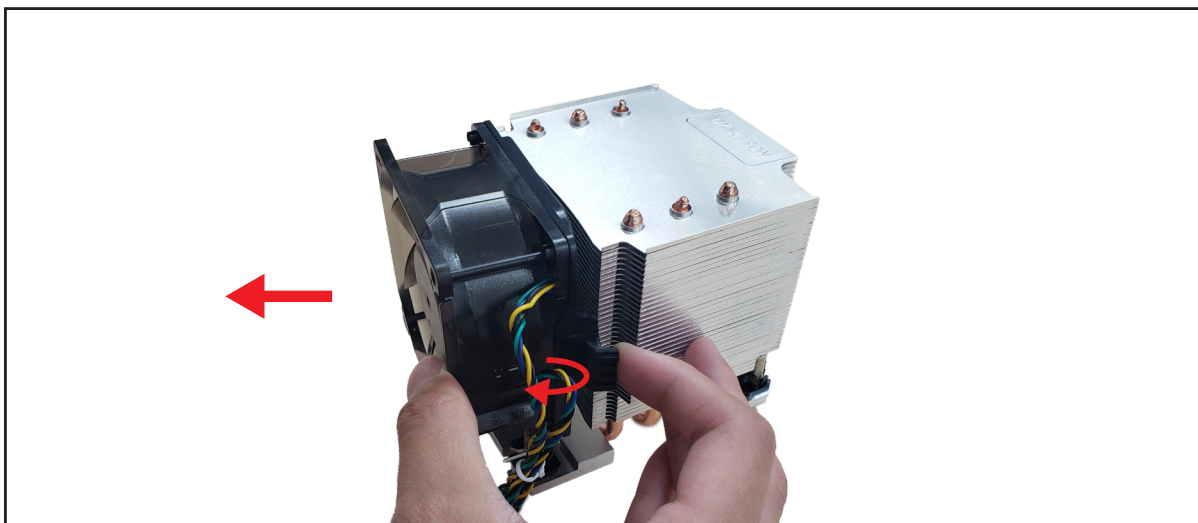

Step 5

Make sure the hook on each side is installed all the way, and pull the fan lightly to check if the bracket is stable.

确认两侧挂钩完全扣进散热器，并轻轻拉扯风扇以确认是否牢固

To uninstall/拆卸风扇

Lift the handle to pull the fan out

抬起把手，将风扇移出
