Wi-Fi 6/6E!

EtherScope® nXG Portable Network Expert

netAlly

Overview

In recognition of your investment in EtherScope nXG, NetAlly is pleased to offer an upgrade path to add the new Wi-Fi6/6E EtherScope nXG (EXG-300) to your network management toolset. This is not a trade-in program – you get to keep your existing EtherScope nXG, allowing you to equip more team members AND have two tools that work together for wireline performance testing and LANBERT™ cable qualification!

Program Logistics

EtherScope nXG owners with active AllyCare support get a 40% discount off our manufacturer's suggested retail price (20% off for non-AllyCare owners) through our authorized resellers. (Only a single unit upgrade per EXG-200 unit owned is allowed.) If you do not have AllyCare, you can still get the better discount by adding AllyCare to your EXG-200 on the same order with the upgrade model.

Here is how to take advantage of this offer:

Contact your Authorized NetAlly Reseller directly or email us at marketing@netally.com and a NetAlly representative will contact you.

TERMS & CONDITIONS

Only one upgrade unit is allowed per each EXG-200 unit serial number owned. For each valid purchase of a new EXG-300 model of the EtherScope® nXG from a NetAlly authorized reseller, participants will be eligible to receive a 20% or 40% discount off the suggested retail price.

Standard warranties apply. This offer is only valid in certain countries. NetAlly reserves the right to withdraw this promotion at any time and/or to unilaterally change the terms and conditions, without incurring any liability, whatsoever. Employees, contractors of NetAlly, NetAlly resellers, distributors, value-added resellers, or other similar channel sales providers are not eligible to participate. Void where prohibited. NetAlly, and NetAlly's logos are trademarks or registered trademarks of NetAlly, LLC respectively. All other trademarks are the property of their respective owners.
