### A better way to meet and share

Poly Studio Room kits for Microsoft Teams Rooms give you distraction-free meetings with innovative Poly camera tech. From focus to large conference rooms, stay productive with technology that empowers the whole team, wherever they work.

### Engineered for your enterprise

It's easy to make every Poly Studio Room a Microsoft Teams Room. Certified and purpose built, this cutting-edge meeting solution fits perfectly into office workflows, offers a consistent user experience and is simple for IT to setup.

### Peace of mind you can call on

Our Poly + device support team is available 24/7, across the world. This extensive global network of support professionals help you confidently plan and successfully deploy Microsoft Teams Rooms.

## Featuring

### Smart + intuitive meetings

Make sure everyone is seen clearly with smart camera technology. Its fast and accurate auto-framing delivers an unrivaled video experience.

### Be free to focus

Let clearer audio do the talking with Poly NoiseBlockAI and Acoustic Fence technologies. These noise-eliminating, smart technologies blocks distractions and prevents noise from interrupting the flow of your team's discussions.

### Up close and professional

Feel like you're face-to-face on both sides of the call. The 4K high-resolution camera sensor captures the entire room with life-like video and everyone in it with total clarity.

### Security that means business

The powerful and secure conferencing PC is protected from malicious attacks at the BIOS level so you can deploy your solution with total confidence. [1]

### Take control with a touch

Jump in and out of meetings with ease. The user-friendly Poly GC8 touch controller lets you start, stop, and control meetings all at your fingertips.
