# CREATING A RESPONSIVE GOVERNMENT

## WITH POLY SOLUTIONS FOR MICROSOFT TEAMS

# CONNECTING THE FEDERAL GOVERNMENT WITH POLY AND MICROSOFT TEAMS

With responsibilities ranging from public policy to national security, the U.S. federal government is critical to maintaining the well-being and safety of every citizen. In order to execute their missions while maintaining fiscal accountability to taxpayers, departments across the government are leveraging the responsiveness, productivity, and efficiency that cloud-based communications and collaboration can deliver. With Poly and Microsoft Teams, agencies can enjoy premium, TAA/NDAA-compliant audio and video so they can work effectively—anywhere, anytime, every time. Our purpose-built, Teams-certified headsets, video and audio-conferencing products, desk phones, and services are designed and engineered to connect employees, contractors, and partners with incredible clarity. They're pro-grade and easy to use, and they work seamlessly with Microsoft Teams.

## VIDEO

Poly room solutions for Microsoft Teams, including **G-series Microsoft Teams Rooms** on Windows and **Poly G7500, Poly Studio X30, and Poly Studio X50 Teams Rooms** on Android, deliver the familiar Teams interface, combined with powerful Poly audio and video innovations. That makes them perfect for supporting the needs of conference rooms, situation rooms, and public meeting spaces.

- **Poly Studio P Series** personal video conferencing devices make the most of office-based video conversations. High-performance cameras compensate for lighting imbalances. Premium audio eliminates distractions.

- Certified Teams Rooms camera options, such as **Poly Studio,** add fidelity and flexibility to the meeting experience, enabling collaboration between in-person and remote participants.

## HEADSETS

Employees connecting from home or working in a busy environment can use Poly headsets to hear and be heard with incredible clarity while tuning out distractions.

Poly's Microsoft Teams-certified headsets meet Microsoft's audio requirements and include a dedicated Teams button to instantly invoke Microsoft Teams to the foreground for streamlined communications. Poly headsets certified for Skype for Business are recertified for Microsoft Teams, providing a similar user experience.

- The **Voyager** family of Bluetooth® wireless headsets provides seamless, multi-device connectivity, such as with smart phone and PC, for government employees on the move.

- The **Savi** family provides a selection of DECT™ wireless headsets that offer best-in-class sound quality and multi-device connectivity, long-range and hands-free mobility, and hours of talk time for ultimate efficiency.

- The **Blackwire** family gives you a broad selection of corded UC headsets that deliver outstanding audio quality and reliability, ease of use, and price points to meet any budget.
## DESKTOP

Poly delivers the broadest set of voice devices for Microsoft Teams. The **Poly CCX Series** delivers exceptional audio quality and the option to choose a headset or handset **(CCX 500/600)**.

## CONFERENCE PHONES

Departments looking for conference phones and speakerphones turn to Poly when they want pro-grade audio and innovative features that elevate Microsoft Teams communications.

- **Poly Trio C60,** the most powerful Trio conference phone to date, sets the new conferencing standard for Microsoft Teams calls with a familiar interface and one-touch-to-join calendar integration. It is also certified for use with Microsoft Teams Rooms as a USB audio device.

- **Poly Sync Family** USB/Bluetooth® smart speakerphones provide premium sound, easy connections, and flawless communication. Use **Poly Sync 20** for personal spaces and **Poly Sync 40** and **Poly Sync 60** for small to medium conference rooms.

# SERVICES

Our comprehensive suite of services for Microsoft Teams provides everything federal government departments require to improve their service, responsiveness, readiness, and productivity. As a Gold Cloud Productivity and Gold Communications-certified partner, Poly provides comprehensive, personalized guidance from Poly's Microsoft Teams experts while minimizing potential impact on end users, speeding up productivity. Please note that some Services listed below may not be available in certain Government Cloud tenants.

## POLY REALCONNECT INTEGRATION AND ONBOARDING SERVICES

help you quickly and easily leverage and experience our industry-leading Services within your organization with the assistance of our Microsoft-certified Poly experts. Our Services let us help you to onboard easily and enables you to drive deep adoption with a consistent workflow that brings native Microsoft and standards-based video solutions together seamlessly.

## MICROSOFT CLOUD ACCELERATOR WORKSHOPS

are two-day engagements that are delivered remotely to accelerate your journey to Microsoft Teams.

## POLY NETWORK READINESS SERVICE FOR MICROSOFT TEAMS

ensures the network is capable of performing at a consistent, optimal level for carrying real-time media traffic, delivering a readiness assessment of connectivity from the Edge to the cloud, and provides an assessment and remediation plan for improving performance in supporting the low loss and jitter requirements needed to support real-time media.

## POLY ADOPTION CONSULTING SERVICES FOR MICROSOFT TEAMS

is focused on accelerating the transition and transformation to new and better ways of working while achieving measurable business value through the usage and adoption of Microsoft Teams.

## POLY USER MIGRATION SERVICE FOR MICROSOFT TEAMS

focuses on user migration for Microsoft Teams Phone System with Direct Routing and audio conferencing. The service guides the customer through the essential and complex planning, delivery, and operation activities required to successfully migrate users and workloads to Microsoft Teams.

## POLY PBX ASSESSMENT SERVICE FOR MICROSOFT TEAMS

provides the tools you need to totally assess, analyze, and map the full configuration of the source PBX environment to a ready-to-execute Microsoft Teams Phone System production solution.

## POLY PBX MIGRATION SERVICE FOR MICROSOFT TEAMS

enables an automated platform that adopts a phased migration methodology for successful execution. Divided into two phases, this service guides you through a migration's complex planning, delivery, and required operational activities.

## POLY ROOM SOLUTIONS FOR MICROSOFT TEAMS ASSESSMENT AND ONBOARDING SERVICE

help you kickstart your journey from Assessment, Design, and Deployment right through to day-to-day operations and adoption. This service allows for happy customers with healthy and well-performing rooms, so you're ready to expand and deploy with confidence.

## MICROSOFT TEAMS CALLING WORKSHOP

helps you experience Microsoft Teams Calling with Phone System capabilities. We showcase the calling capabilities through immersive experiences, use-cases, and deep-dive planning, resulting in actionable recommendations for the enablement and adoption of Microsoft Teams Calling.

## MICROSOFT TEAMS MEETING AND MEETING ROOM WORKSHOP

is designed to improve your meeting room experience and help you understand how to best leverage voice and video solutions. It will also showcase modern immersive experiences, use-case design, and deep-dive planning, driving meeting culture transformation.

## SECURE WORK-FROM-ANYWHERE WORKSHOP

introduces the value of Microsoft 365, highlighting scenarios that leverage voice and video solutions, enabling your employees to be more productive and secure from any location.

## SUPPORT SERVICES

For the best customer experience, Poly recommends the purchase of a support service agreement. Save time, money, and resources, and gain peace of mind. Each branch of government is unique, which is why our support service options provide the right level of assistance and technical expertise, when and where you need it, to keep your staff productive and staff and constituents satisfied and connected. From advanced hardware replacement or telephone support only, to more comprehensive 8x5 and 24x7 options, or our pro-active Elite service, you decide. Available for enterprise and personal conferencing devices, with Poly support services, your service continuity is assured.

# POLY TAA COMPLIANT MICROSOFT CERTIFIED PRODUCTS

Poly's Federal Sales organization is committed to providing the best-in-class experience of Microsoft certified and supported collaboration solutions to the US Federal Government. All inquires for these products should be directed to: **teammicrosoft@poly.com**.
